Alabama

Race/Ethnicity — Hispanic — White — Black — Asian
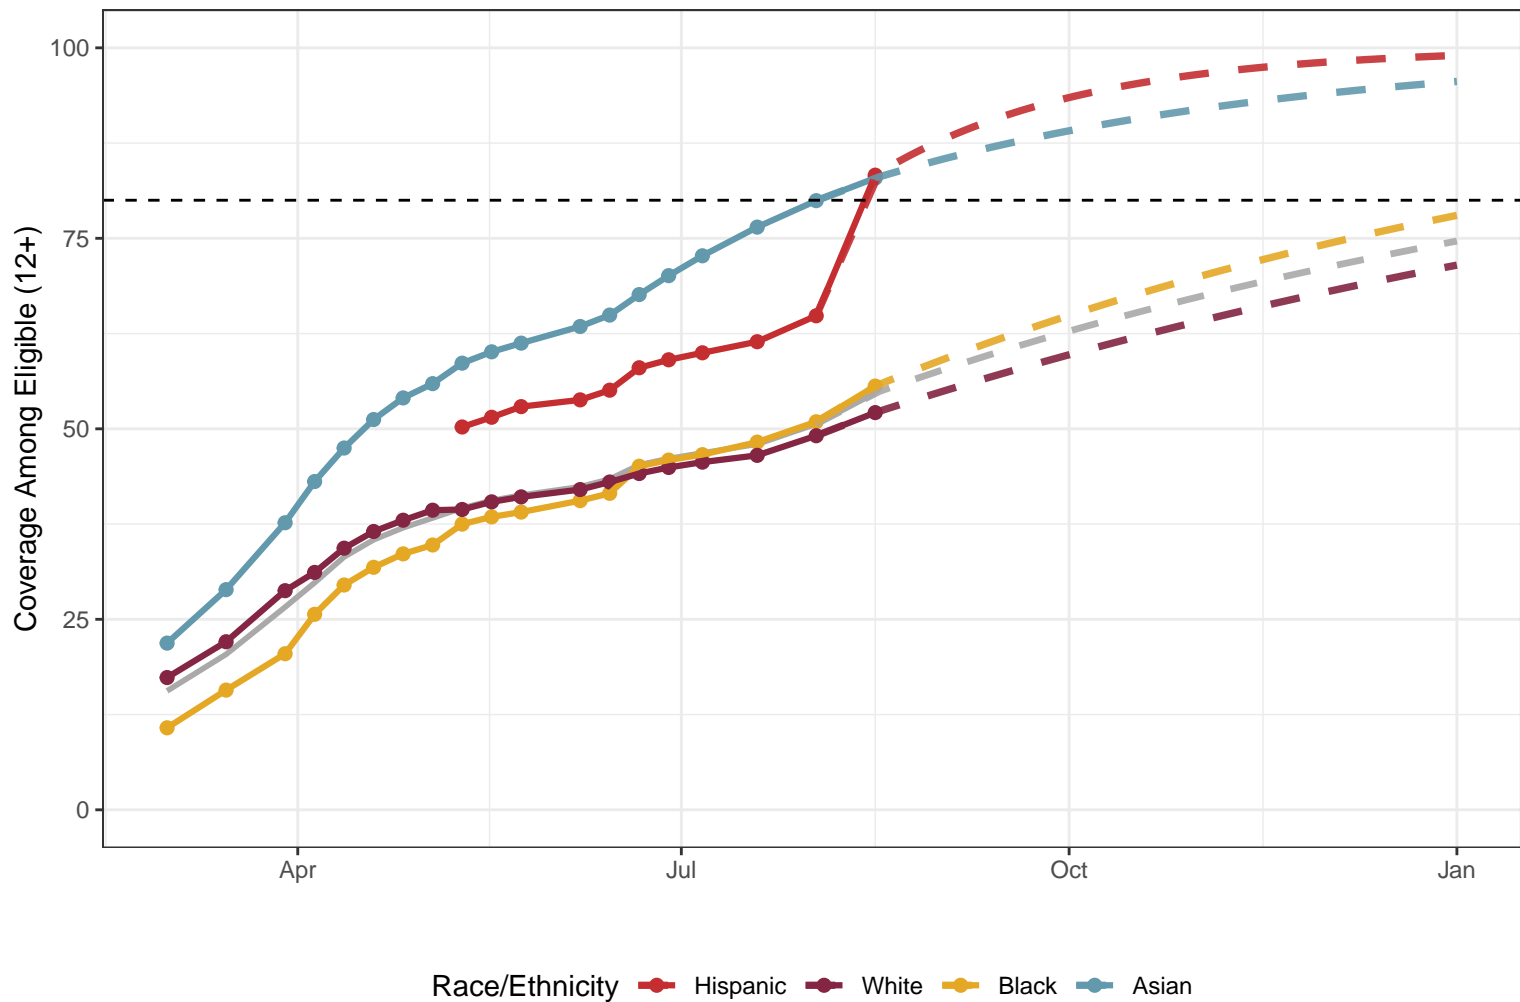

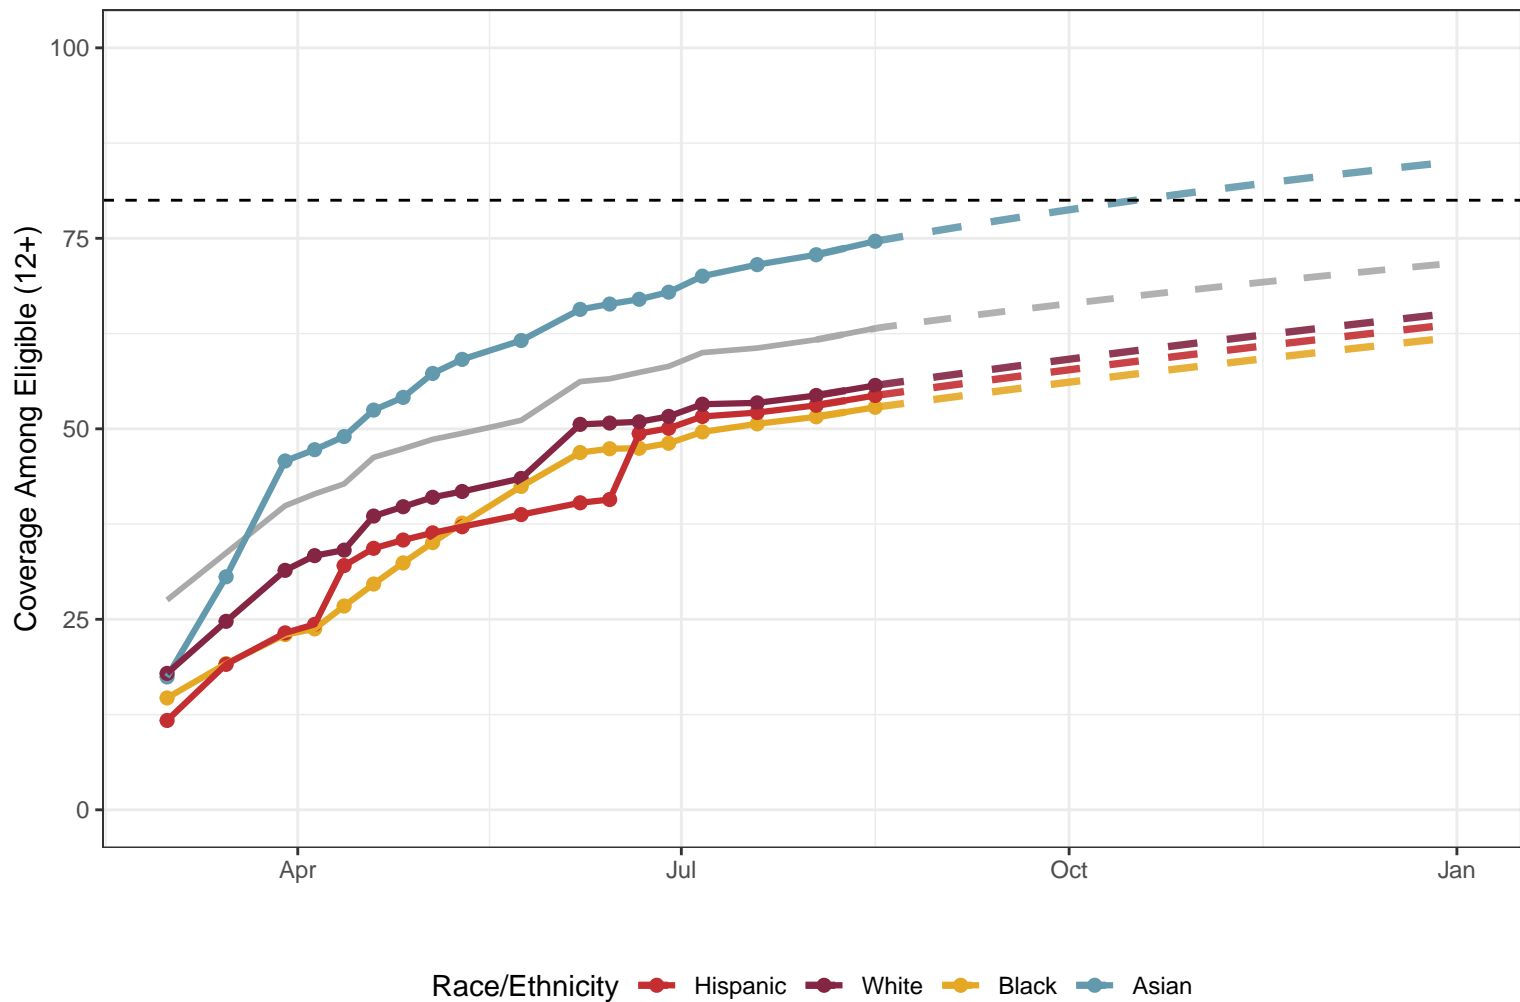

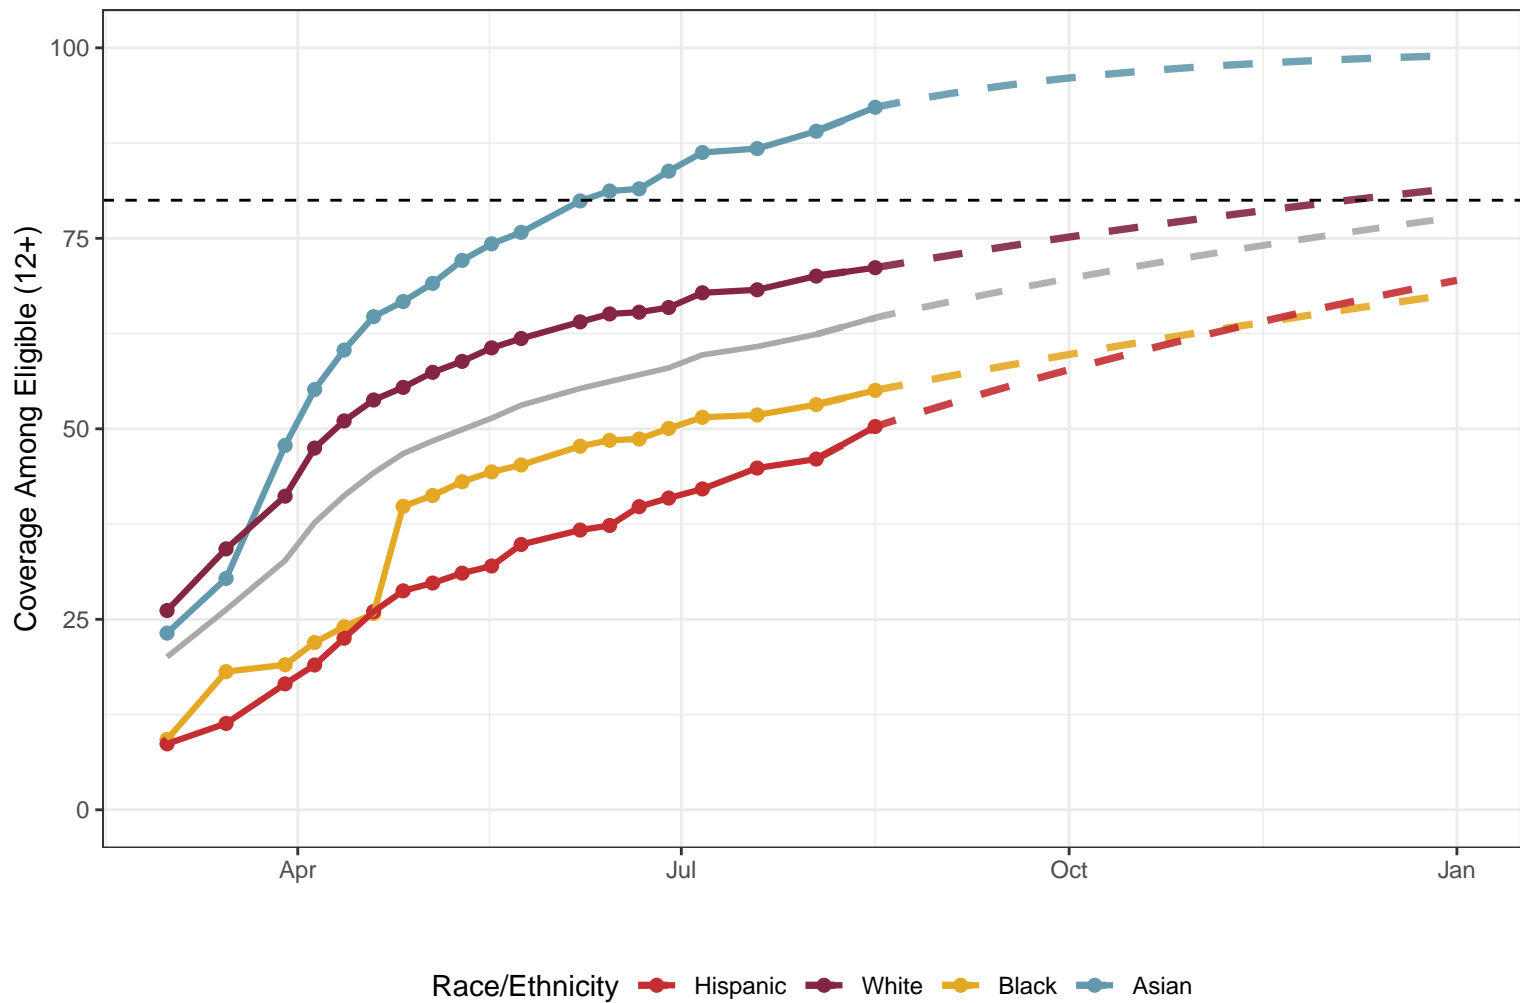

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Alaska

Race/Ethnicity —●— Hispanic —●— White —●— Black —●— Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
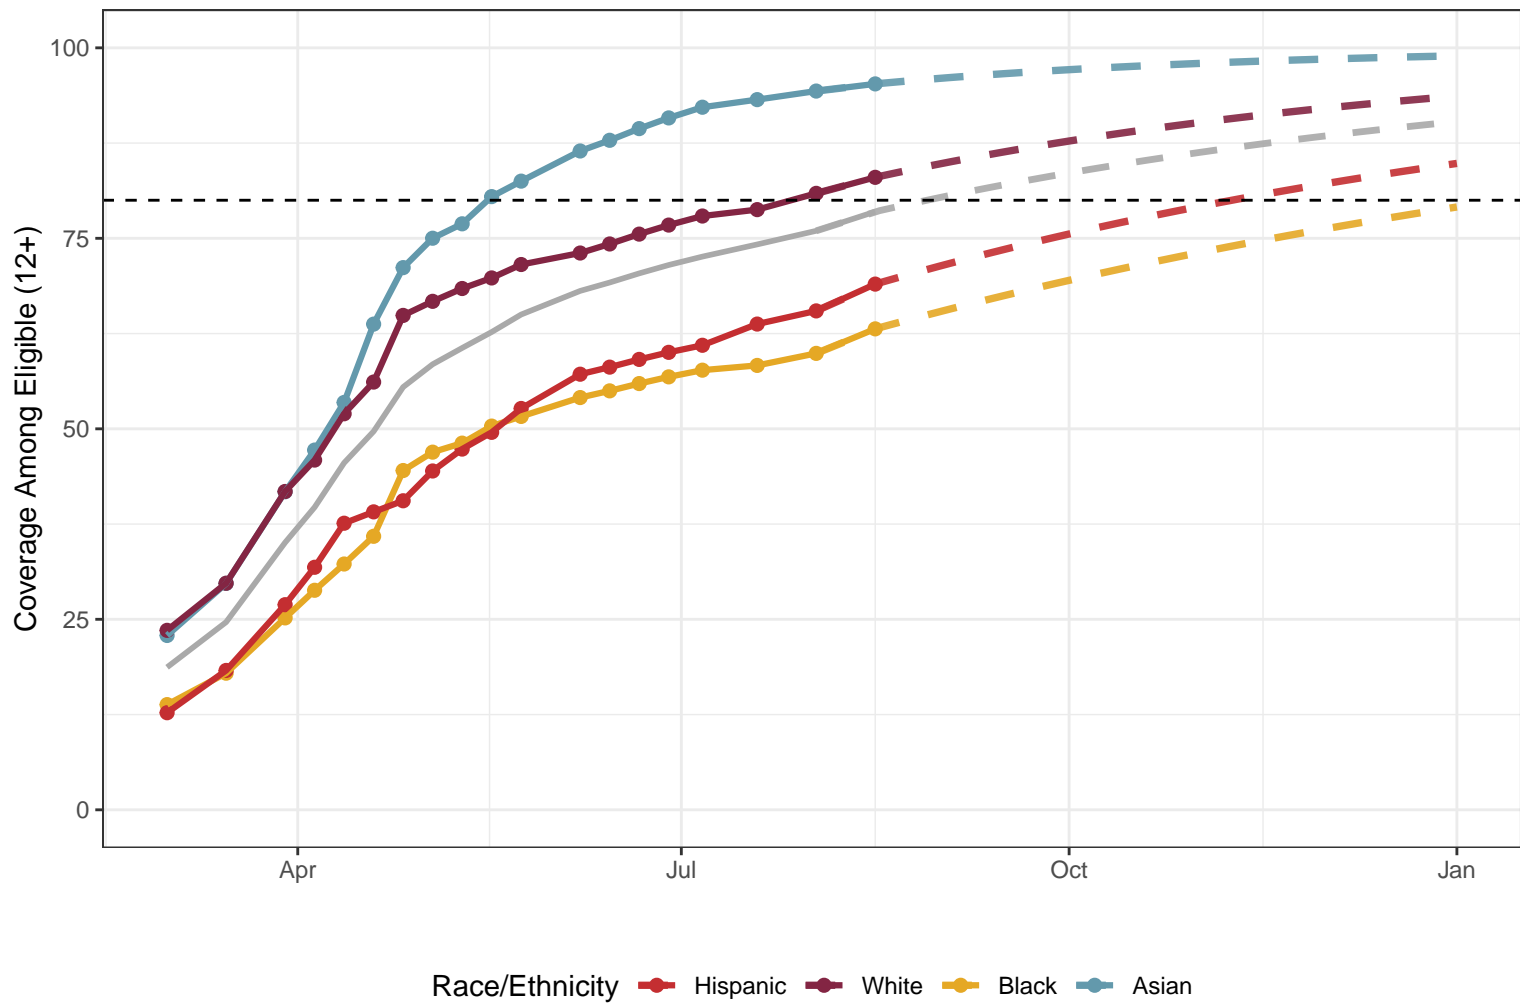

Arizona

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
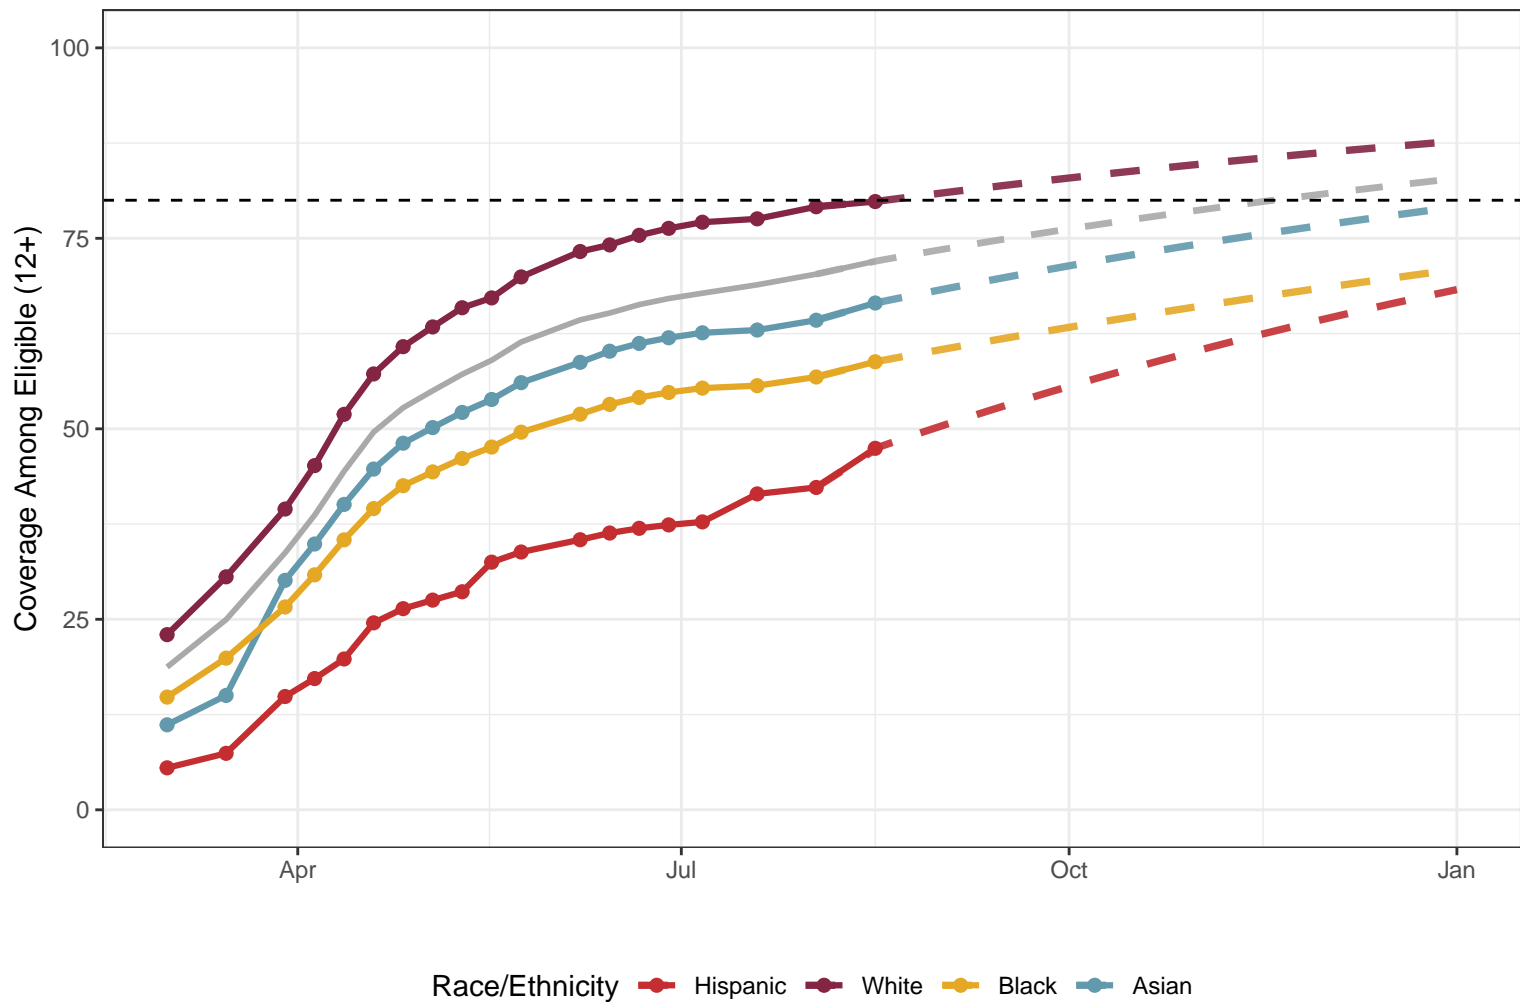

Arkansas

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

California

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Colorado

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
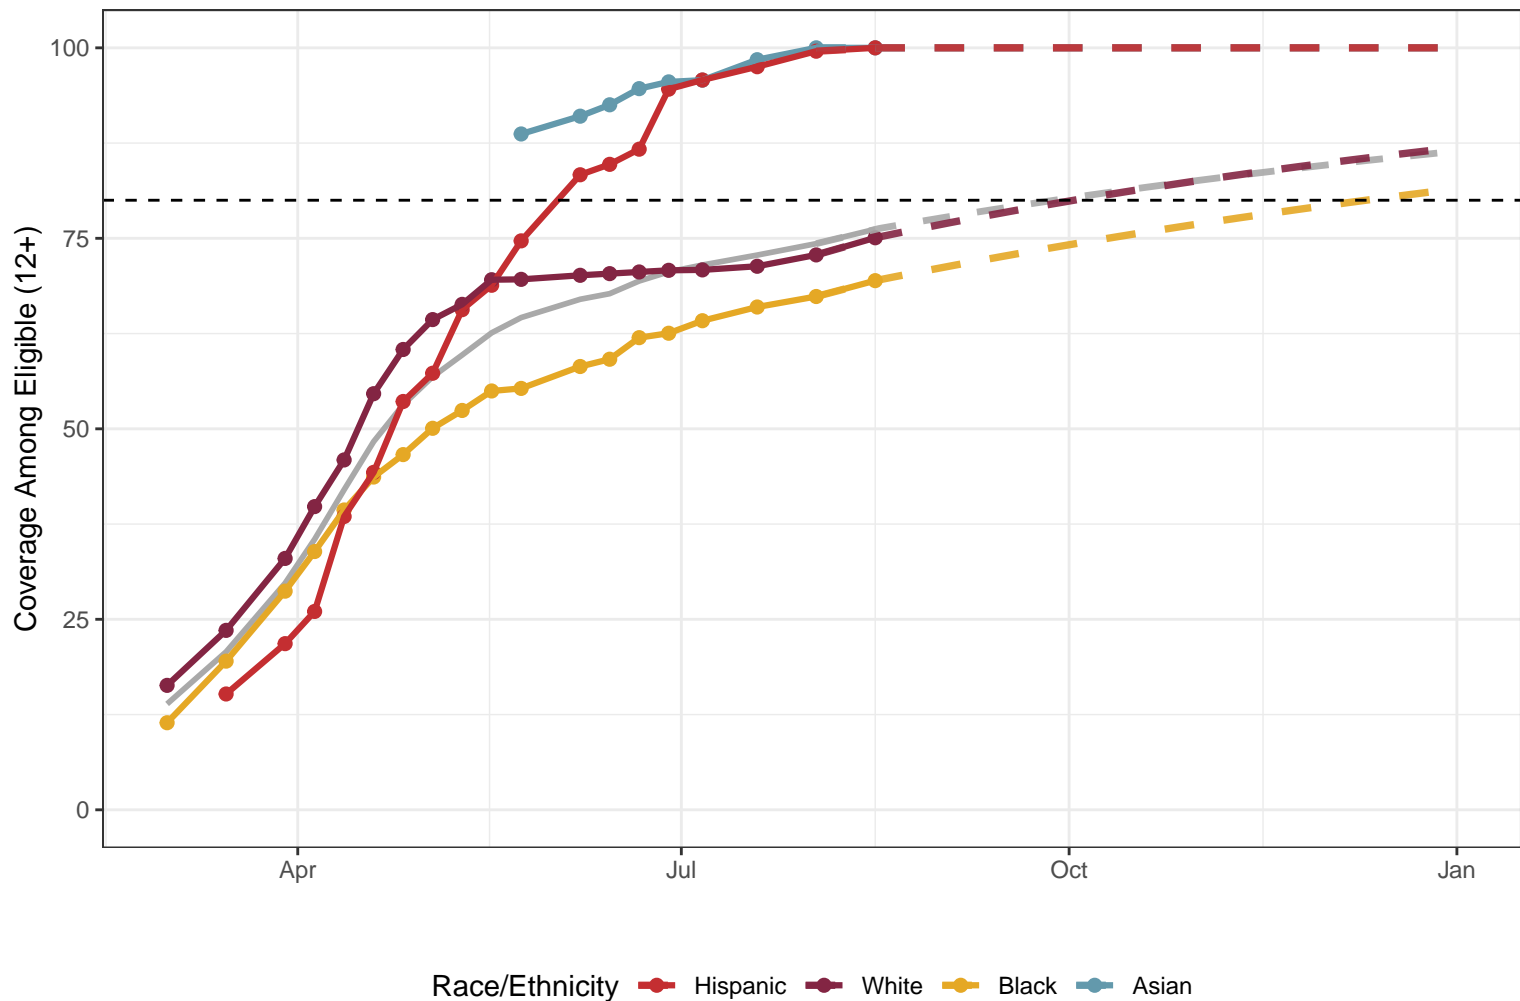

Connecticut

Coverage Among Eligible (12+)

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Delaware

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

District of Columbia

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Florida

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Georgia

Coverage Among Eligible (12+)

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
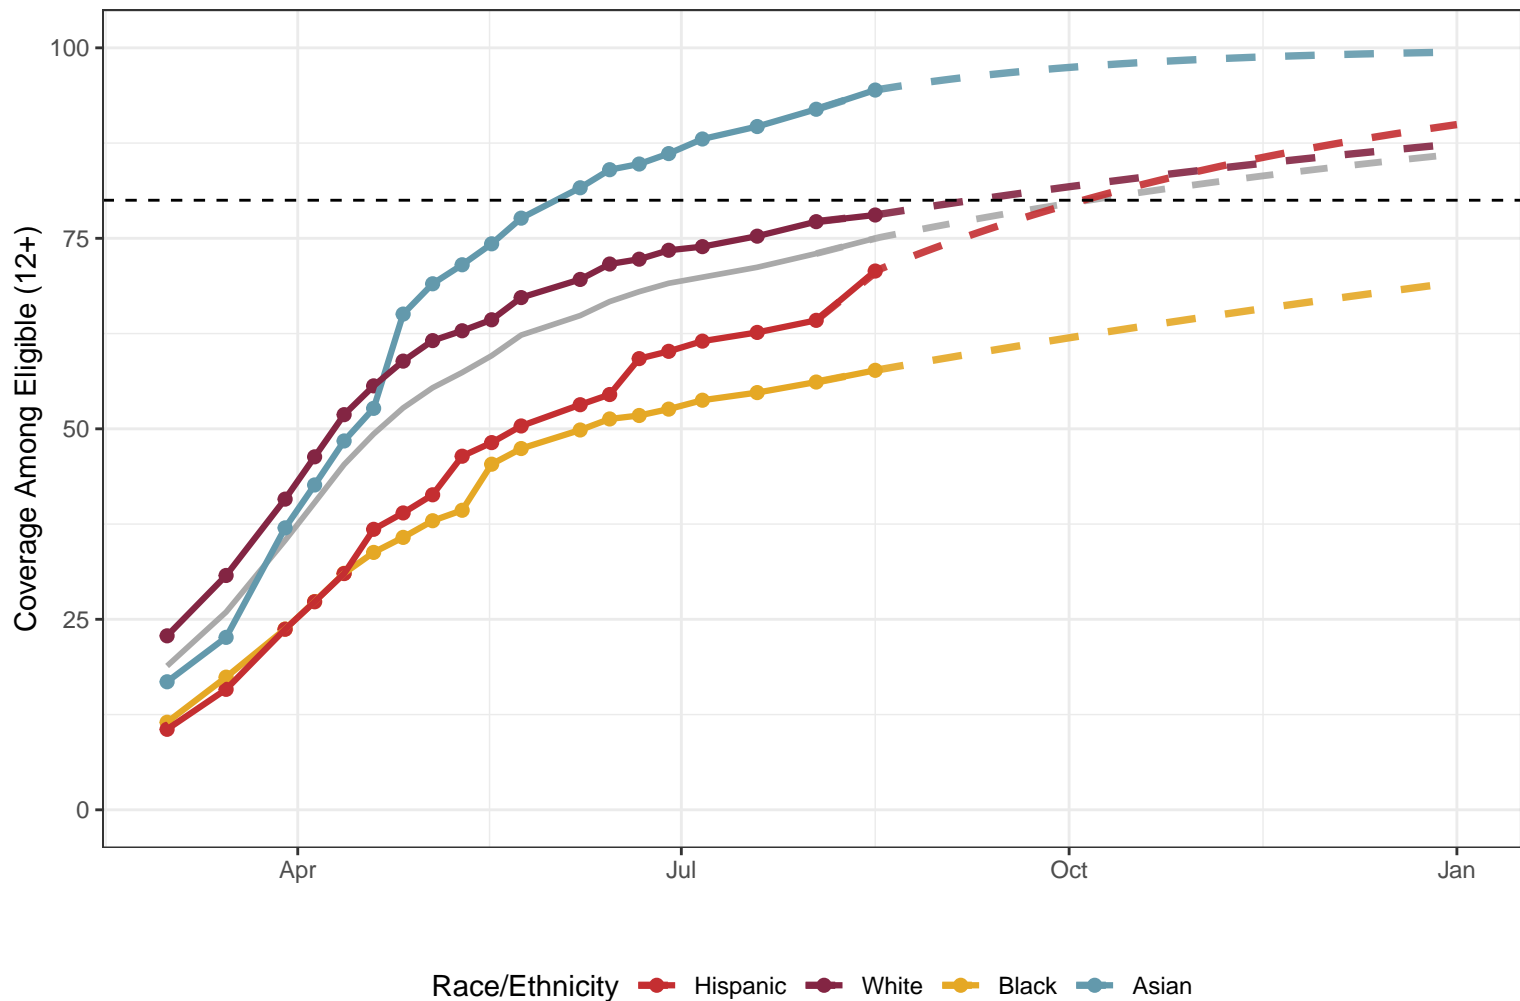

Hawaii

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Idaho

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Illinois

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Indiana
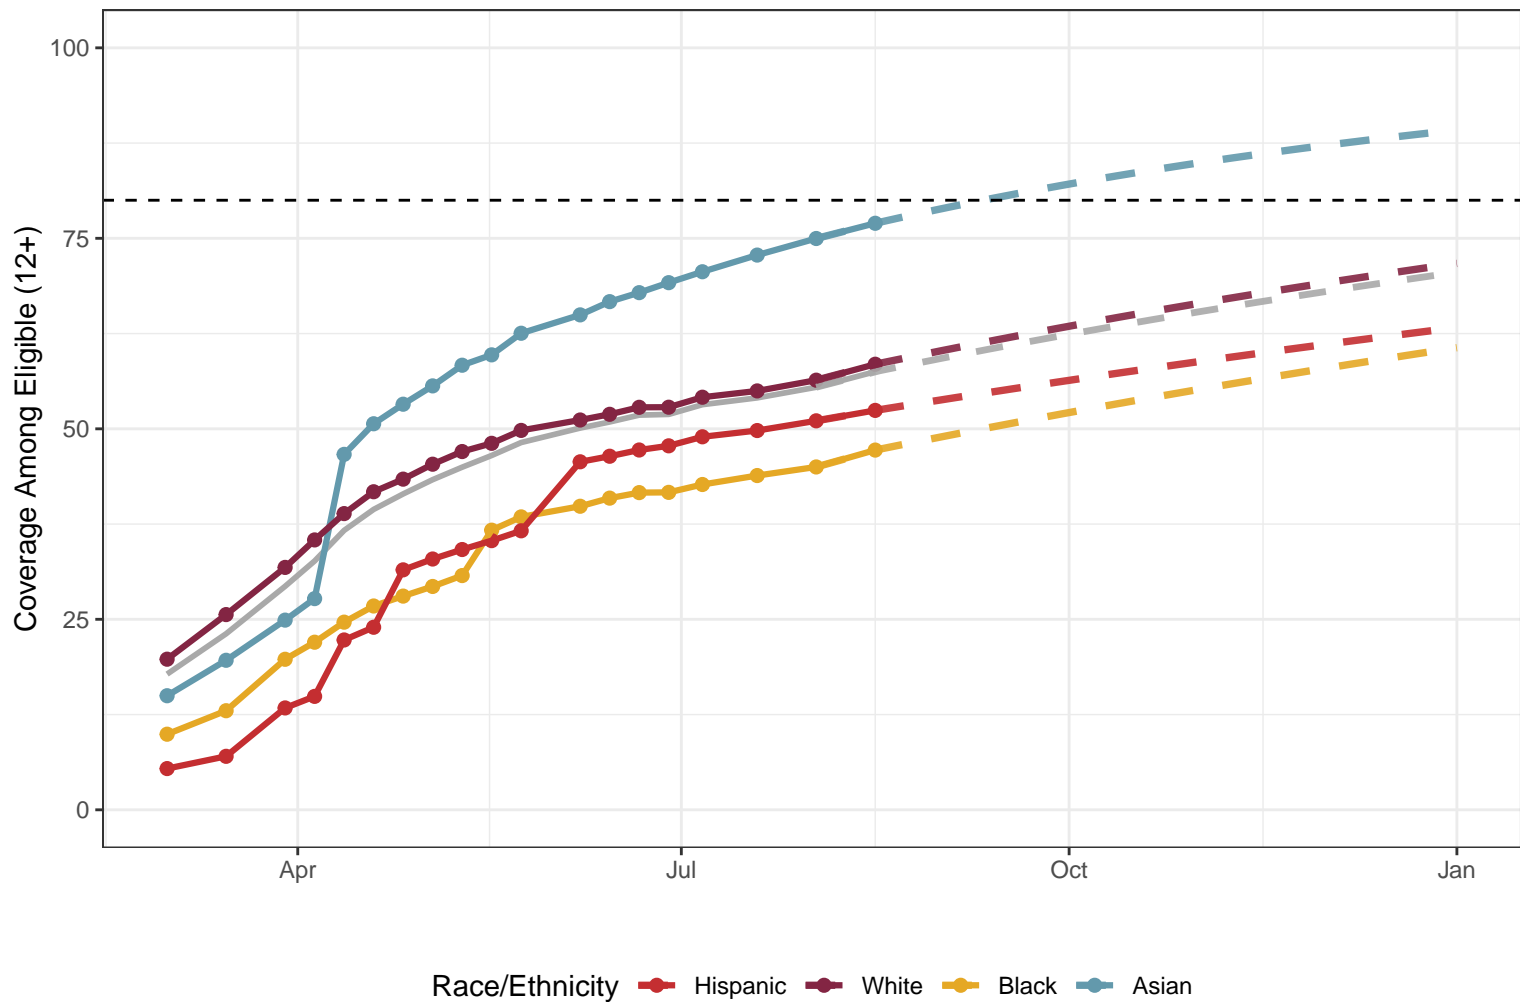

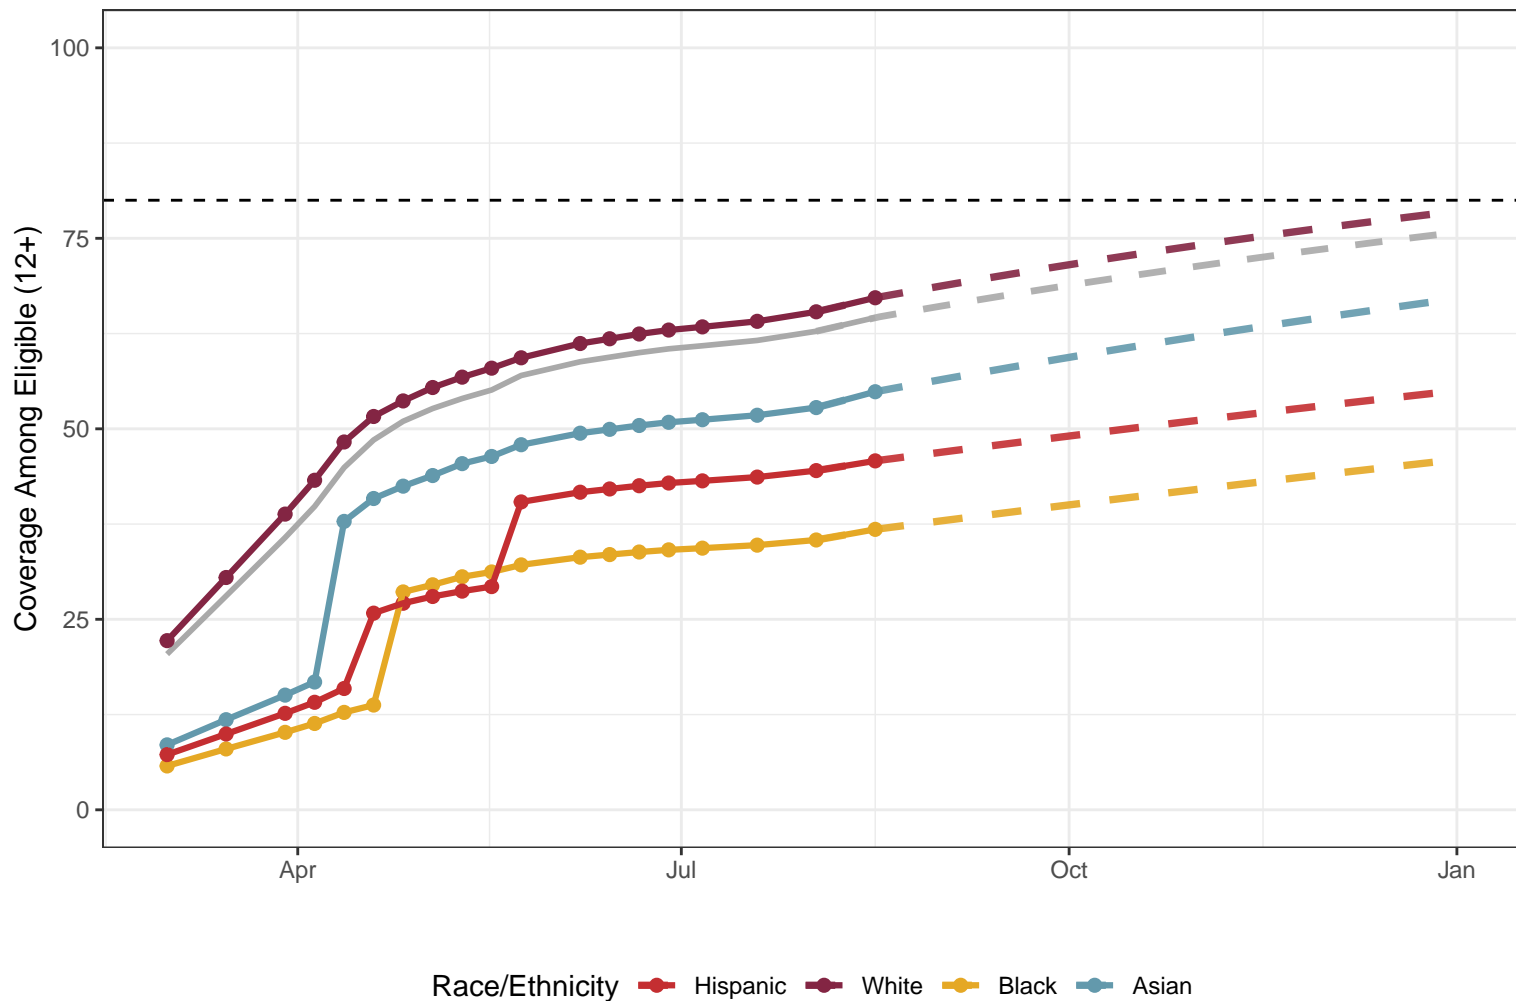

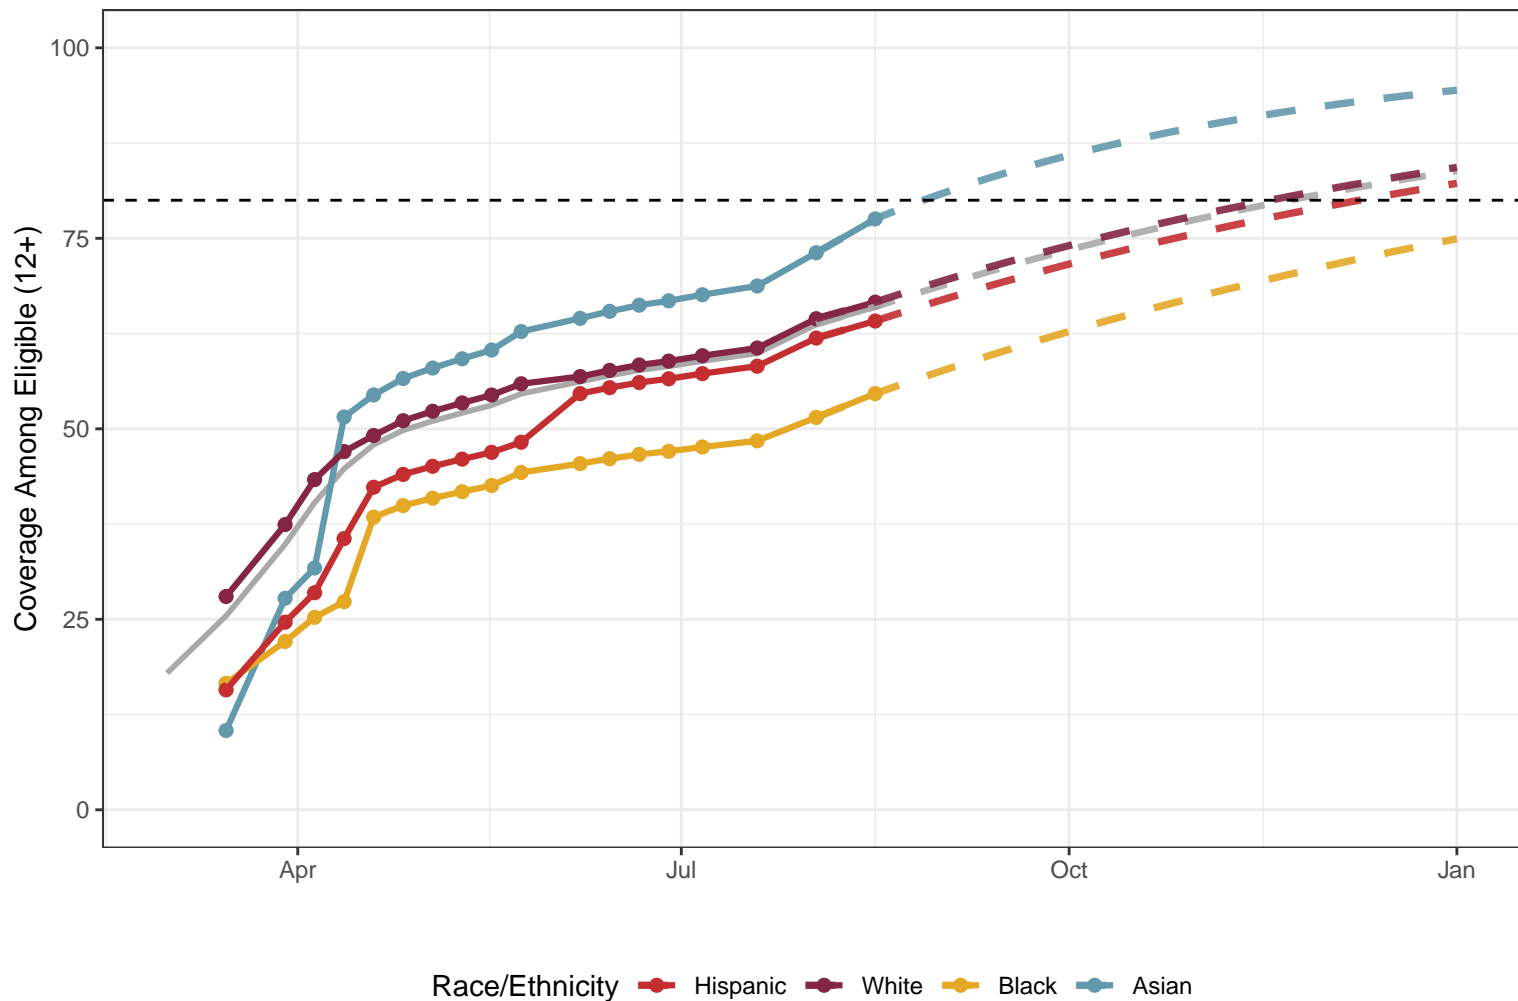

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Iowa

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Kansas

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
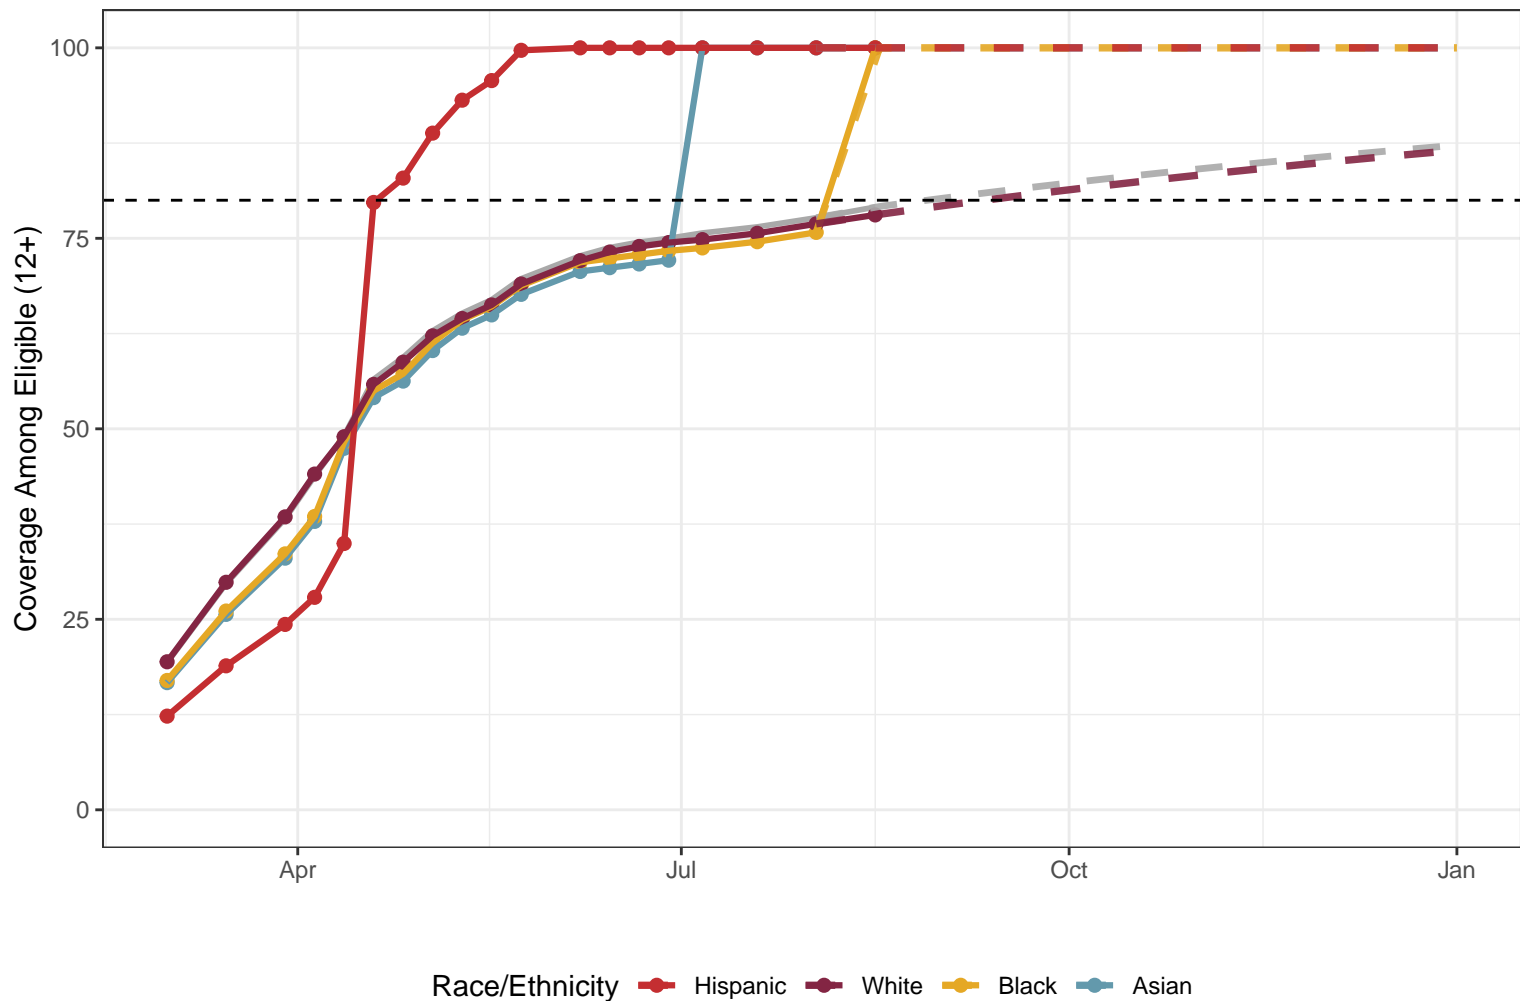

Kentucky

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
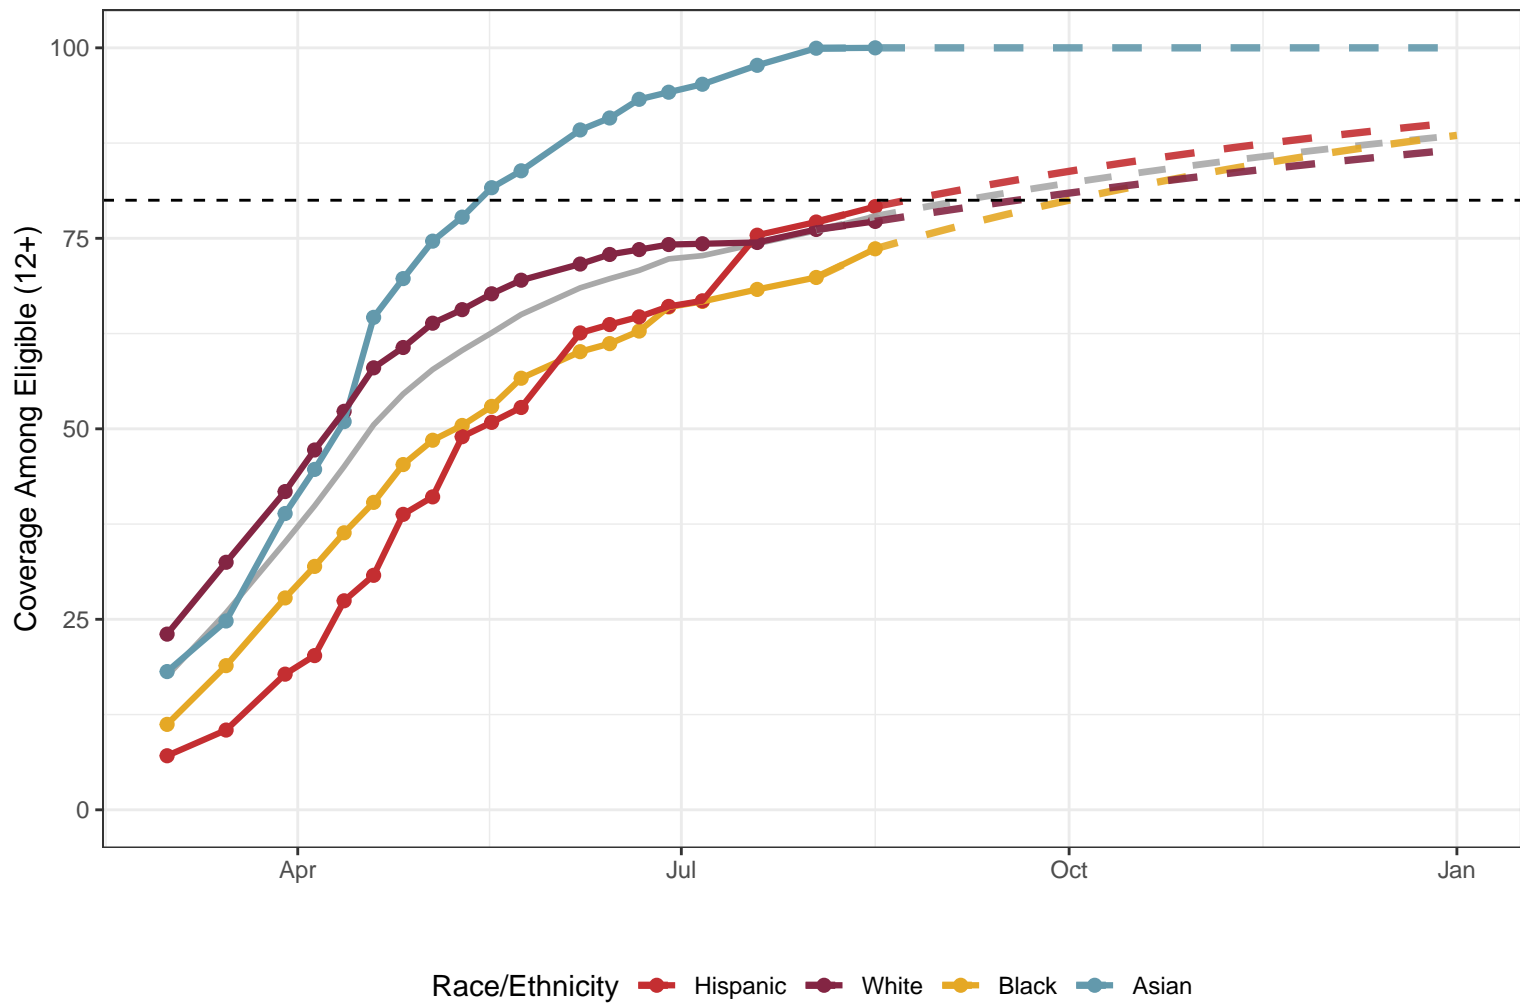

Louisiana

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Maine

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Maryland

Coverage Among Eligible (12+)

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
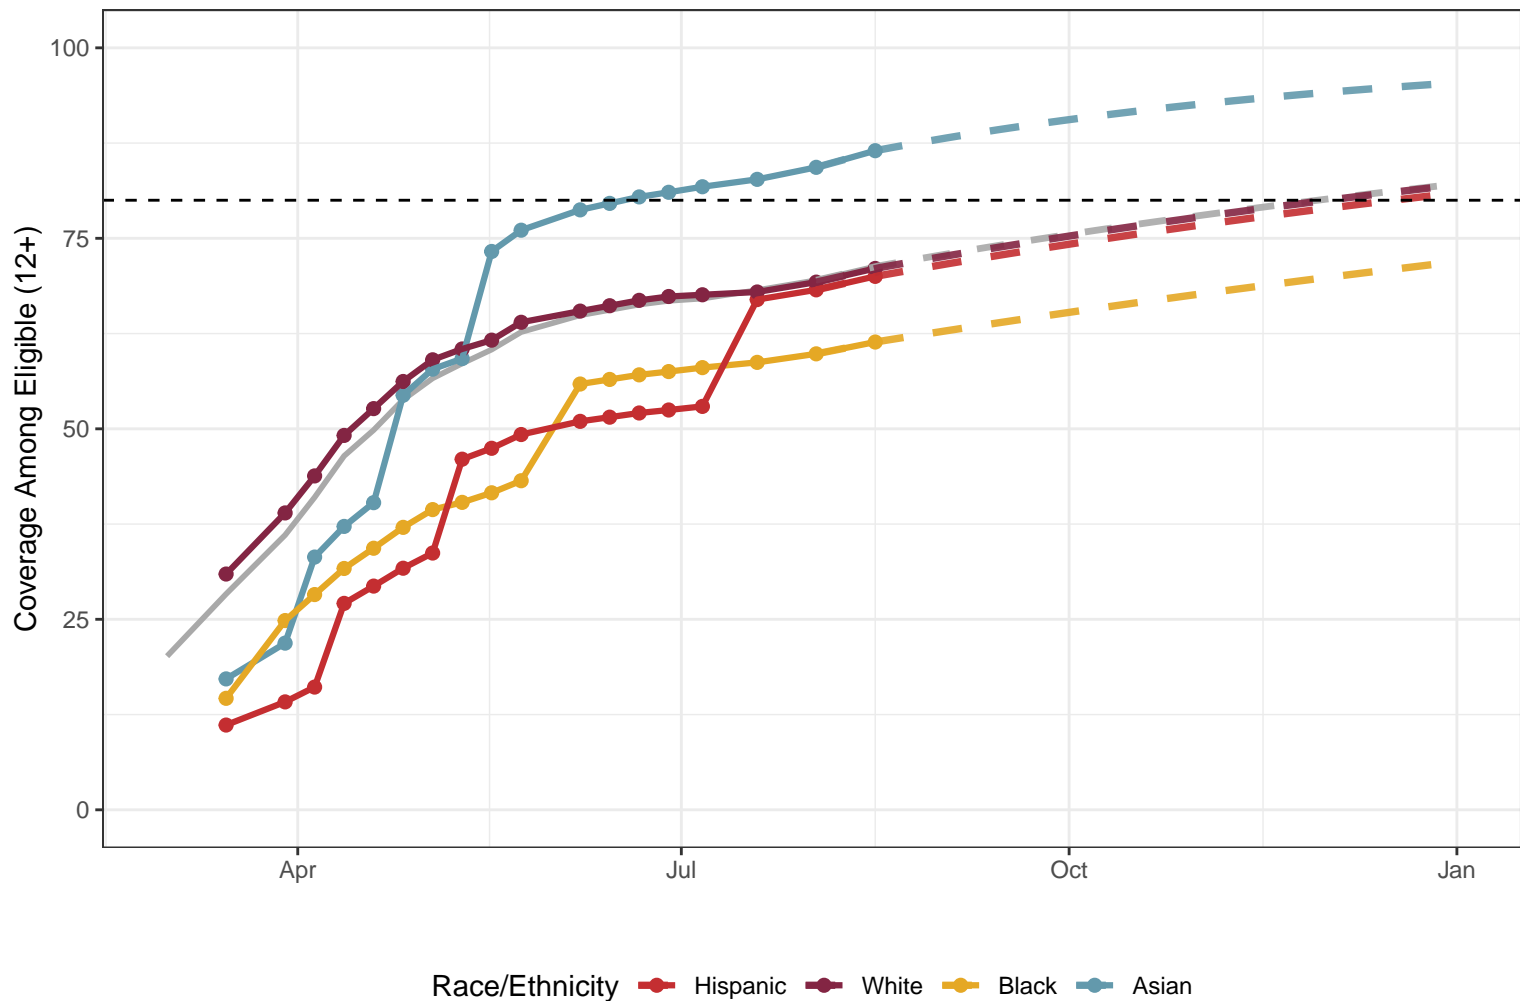

Massachusetts

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Michigan

Race/Ethnicity ●— Hispanic ●— White ●— Black ●— Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Minnesota

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
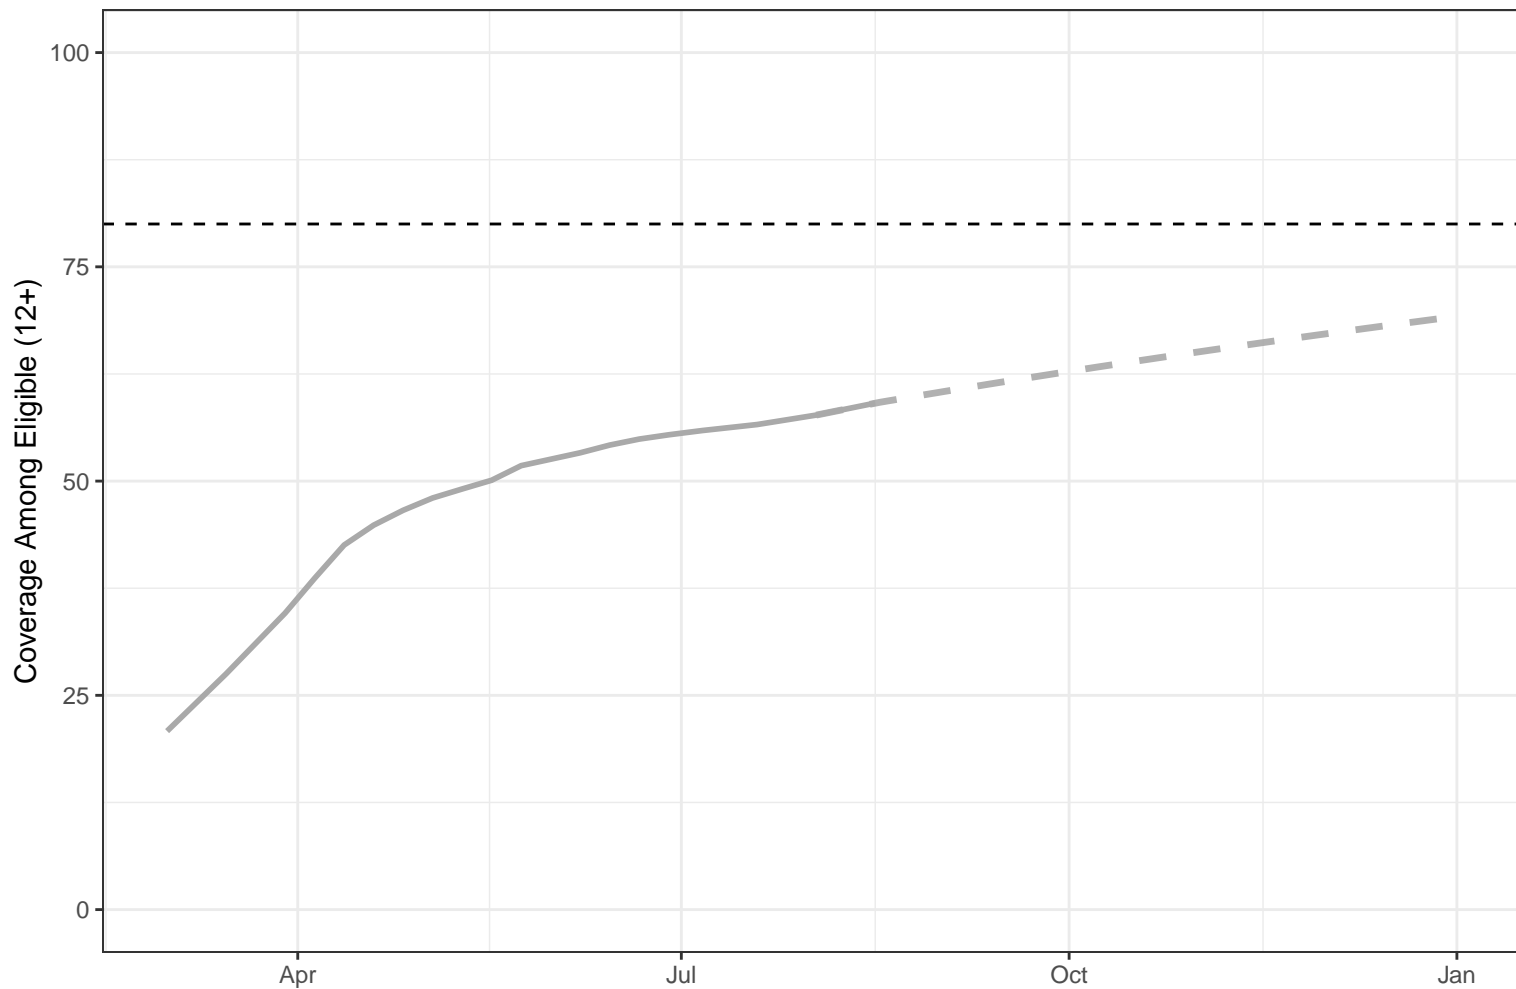

Mississippi

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Missouri

Coverage Among Eligible (12+)

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
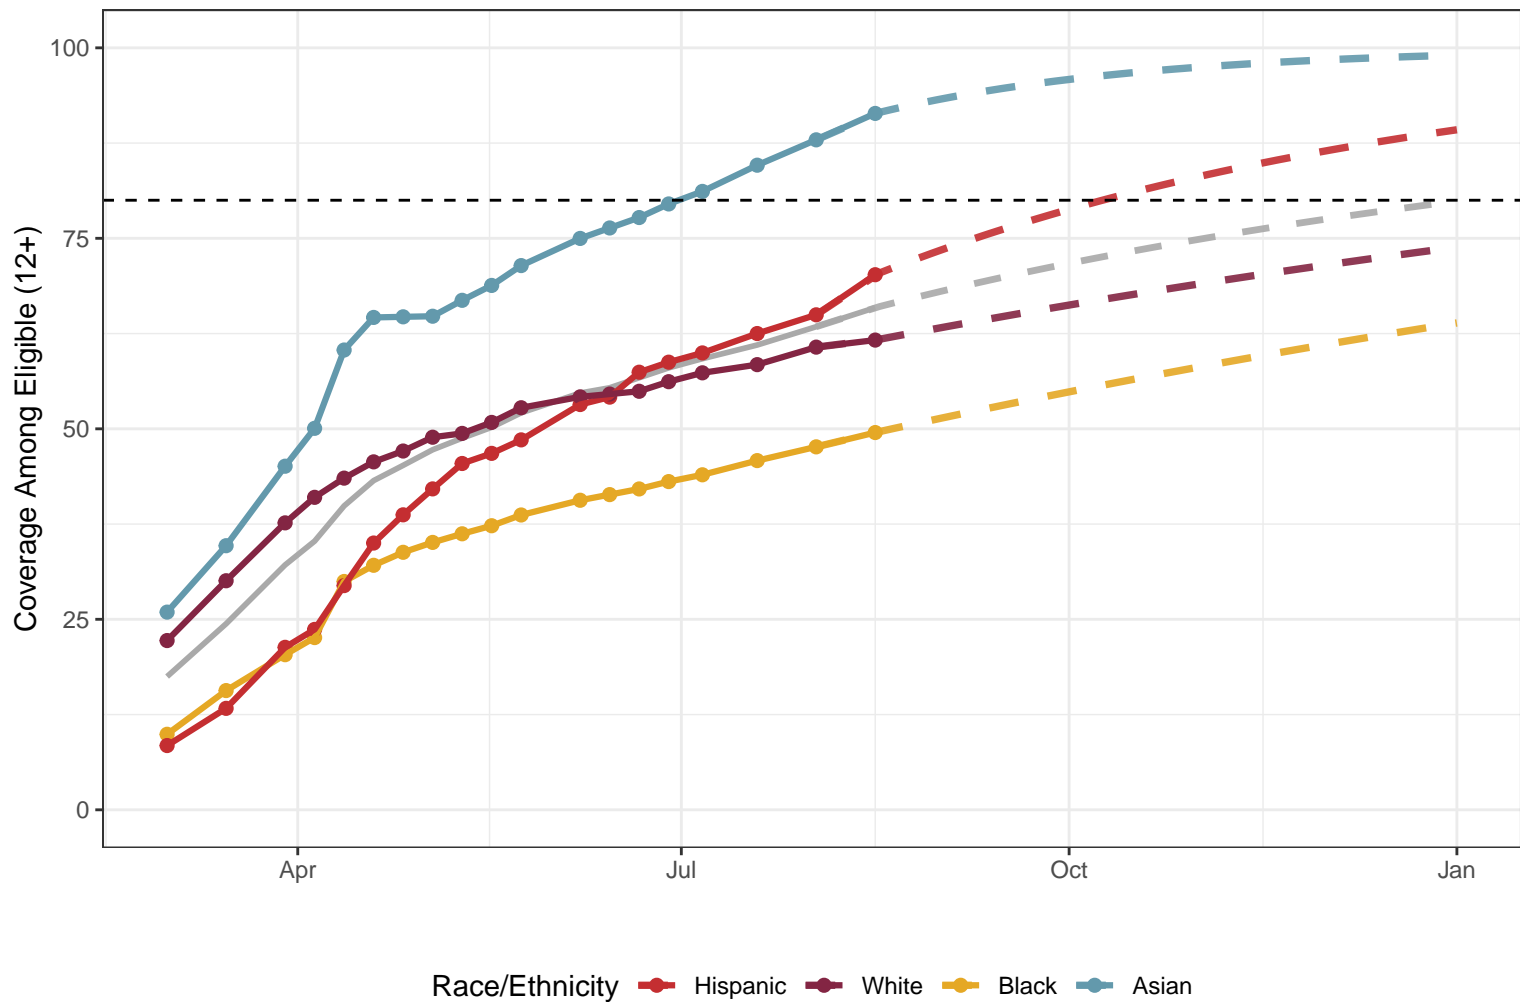

Montana

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Nebraska

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Nevada

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

New Jersey

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

New Mexico

Race/Ethnicity ━●━ Hispanic ━●━ White ━●━ Black ━●━ Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
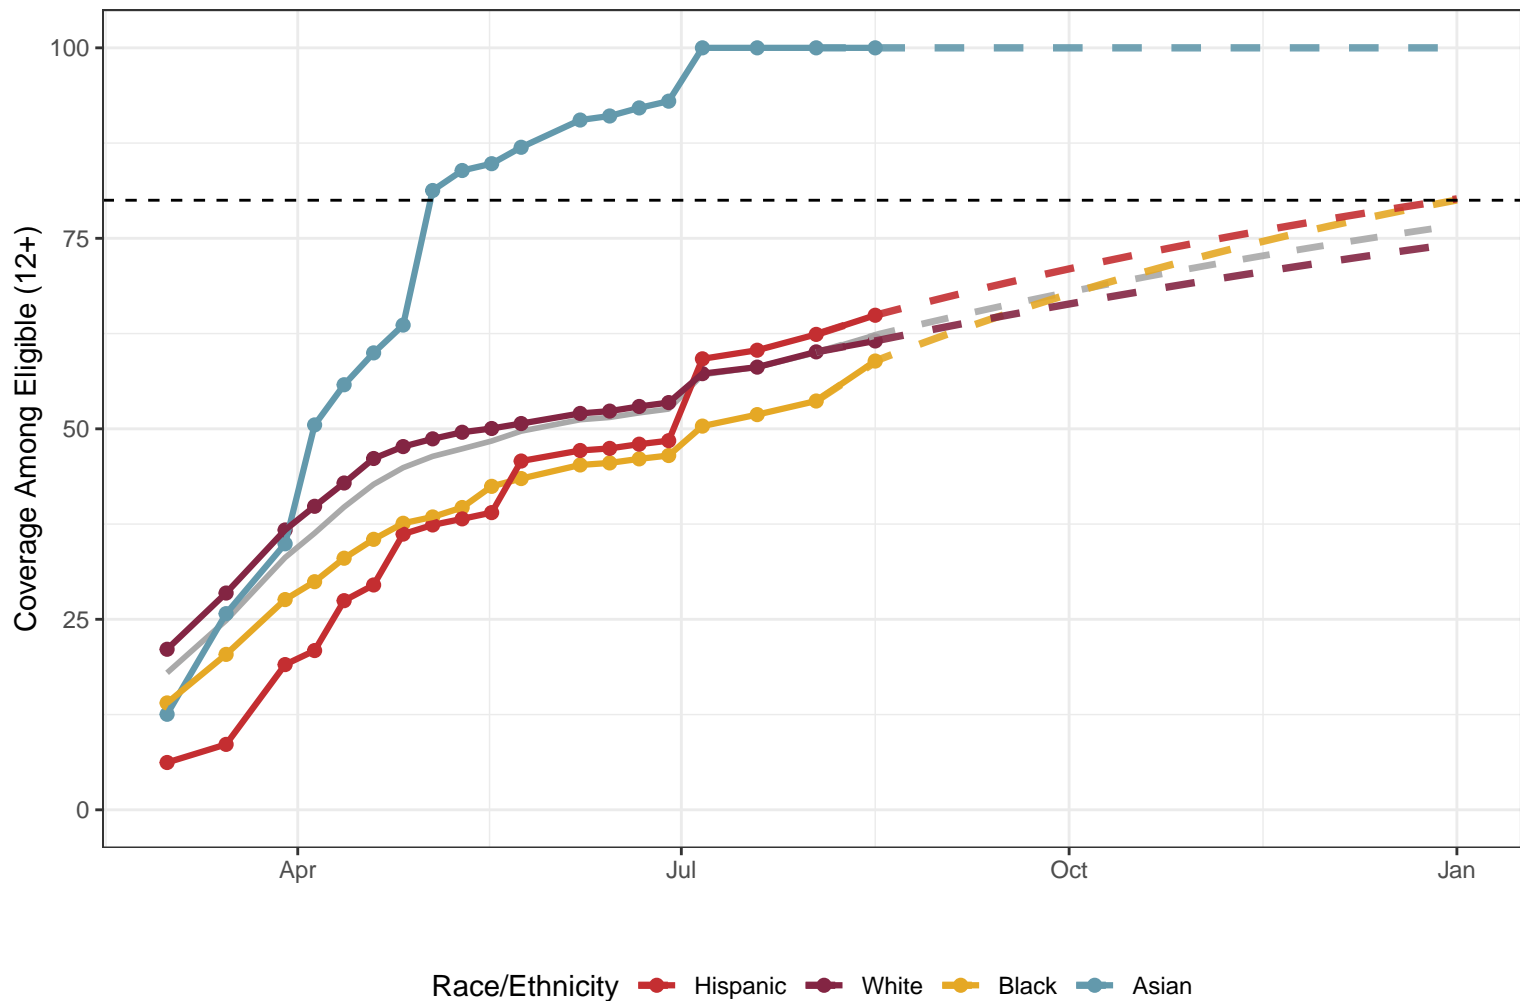

New York

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
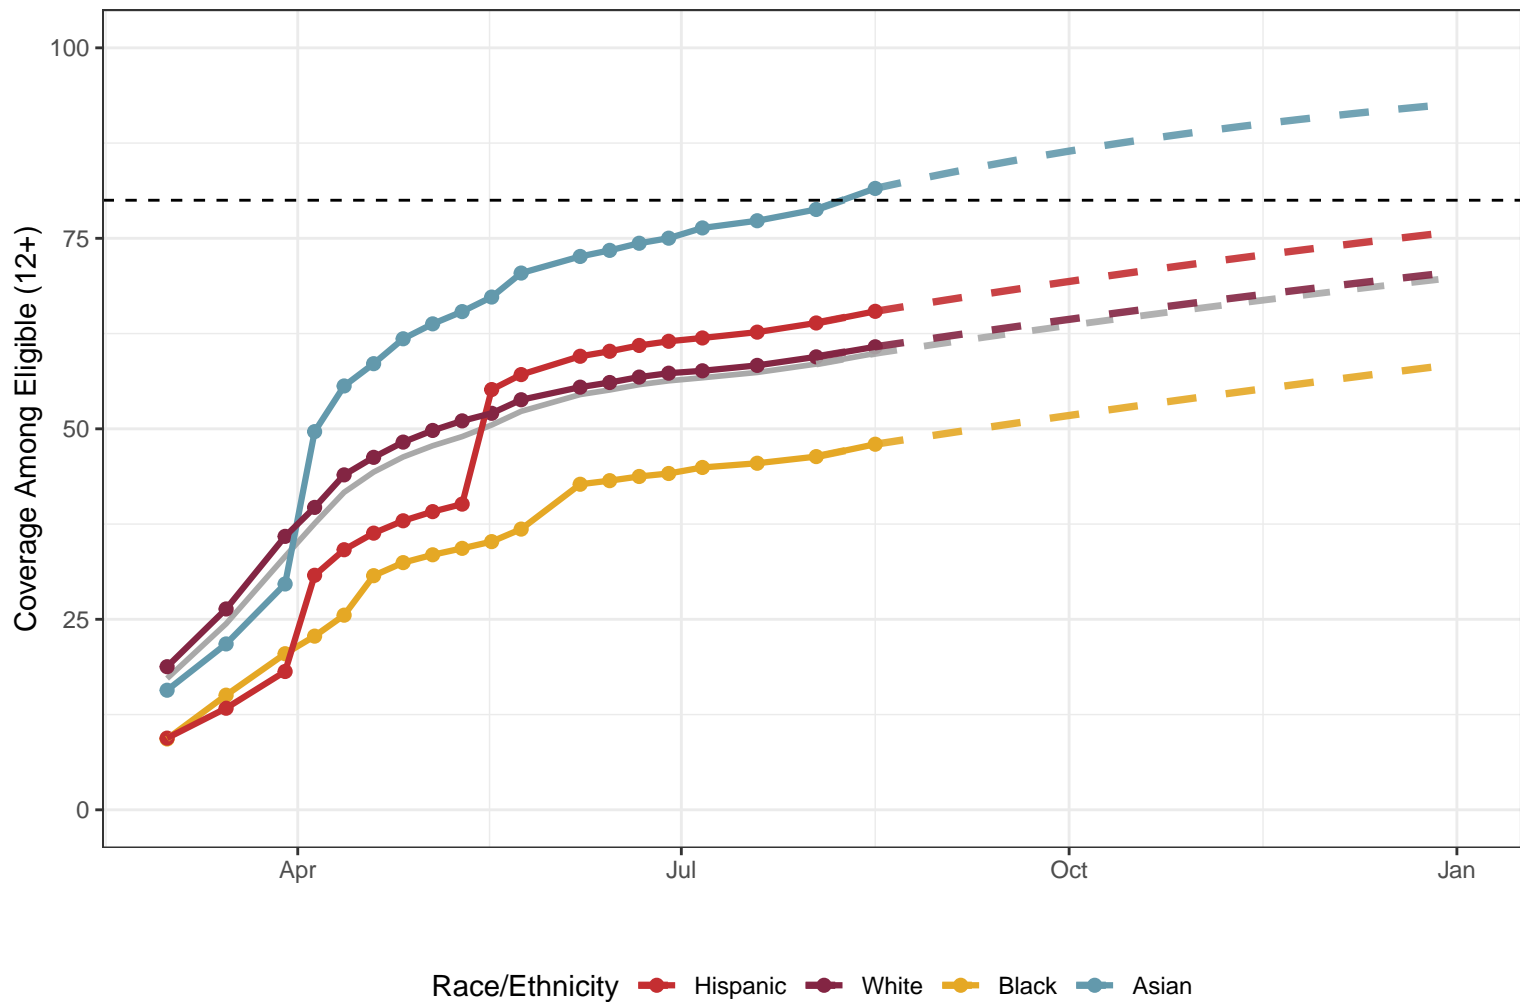

North Carolina

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
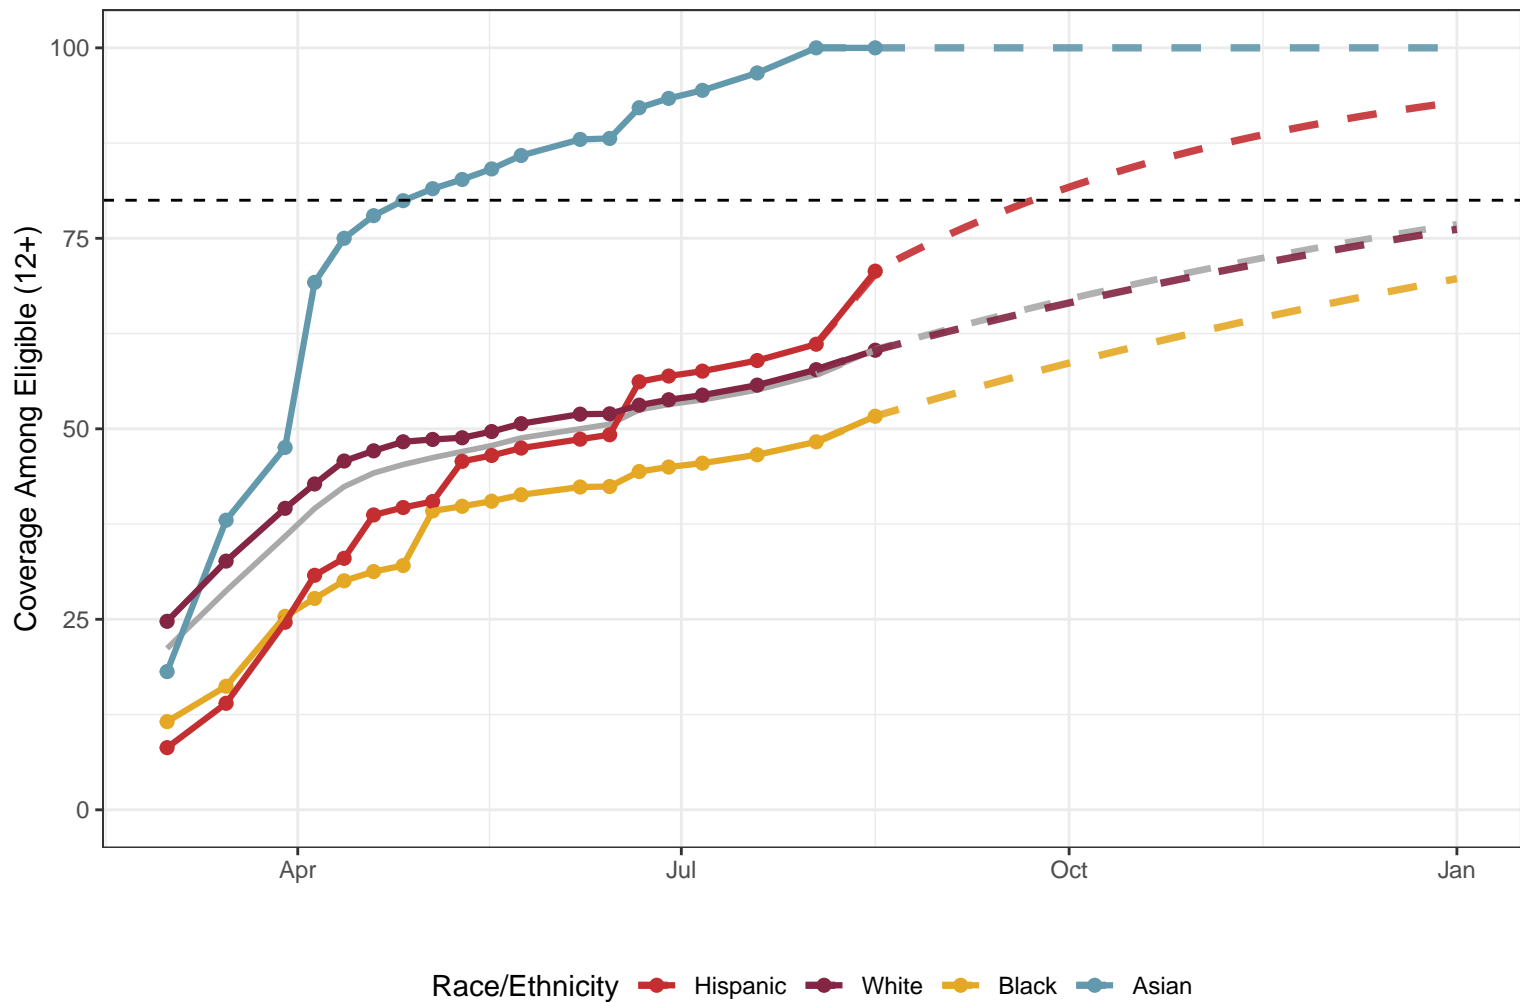

North Dakota

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
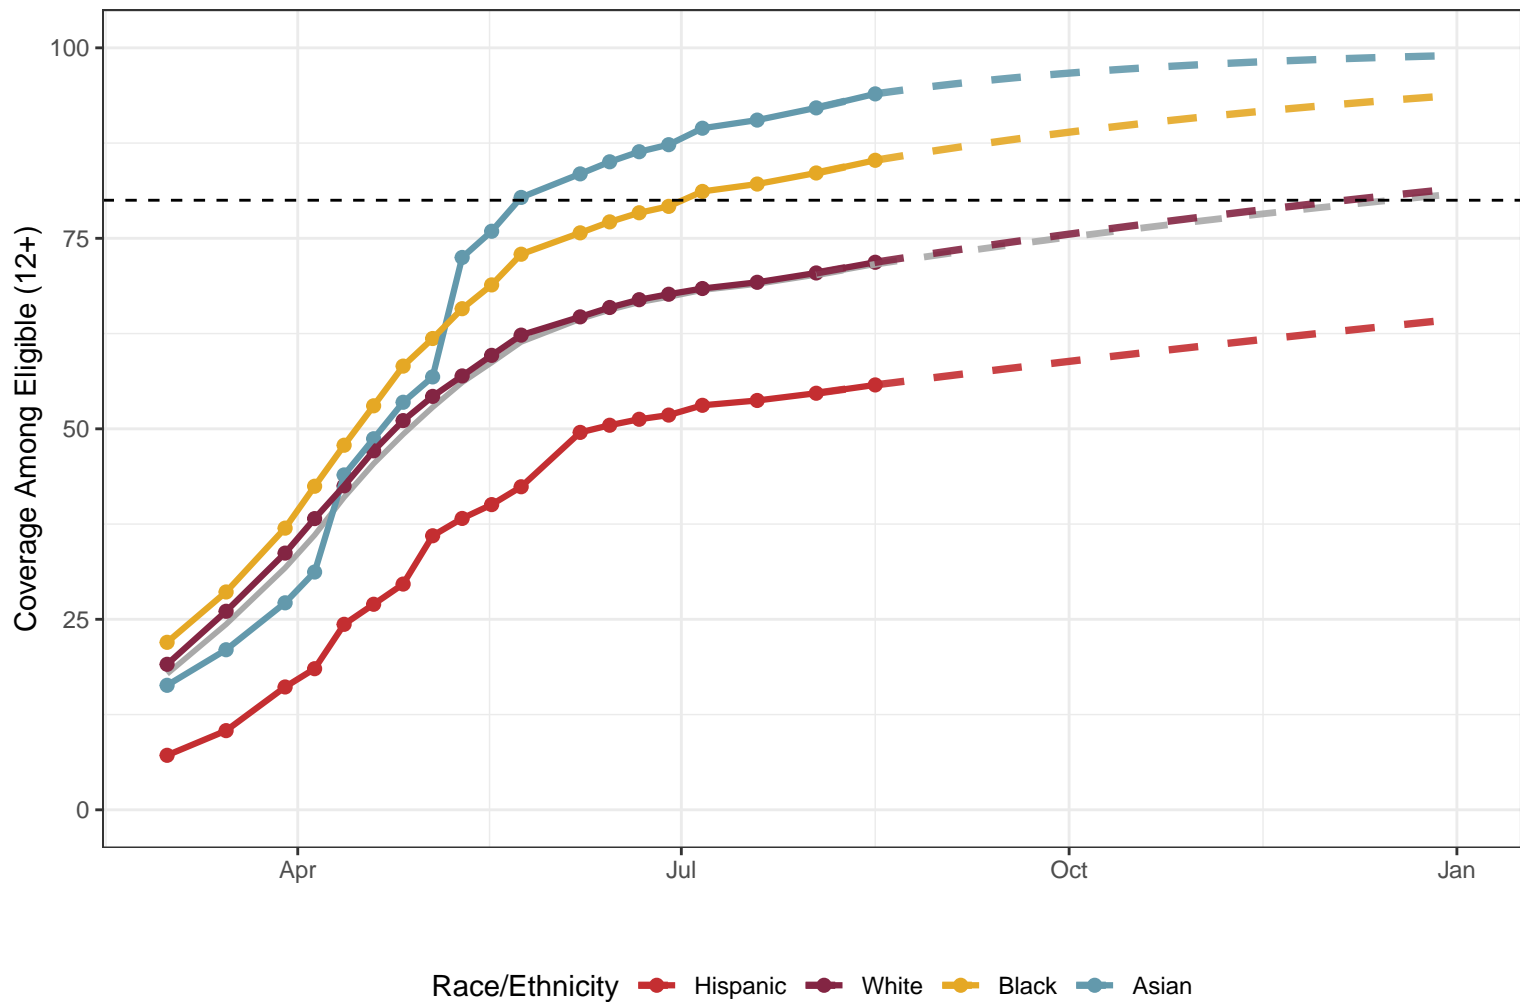

Ohio

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
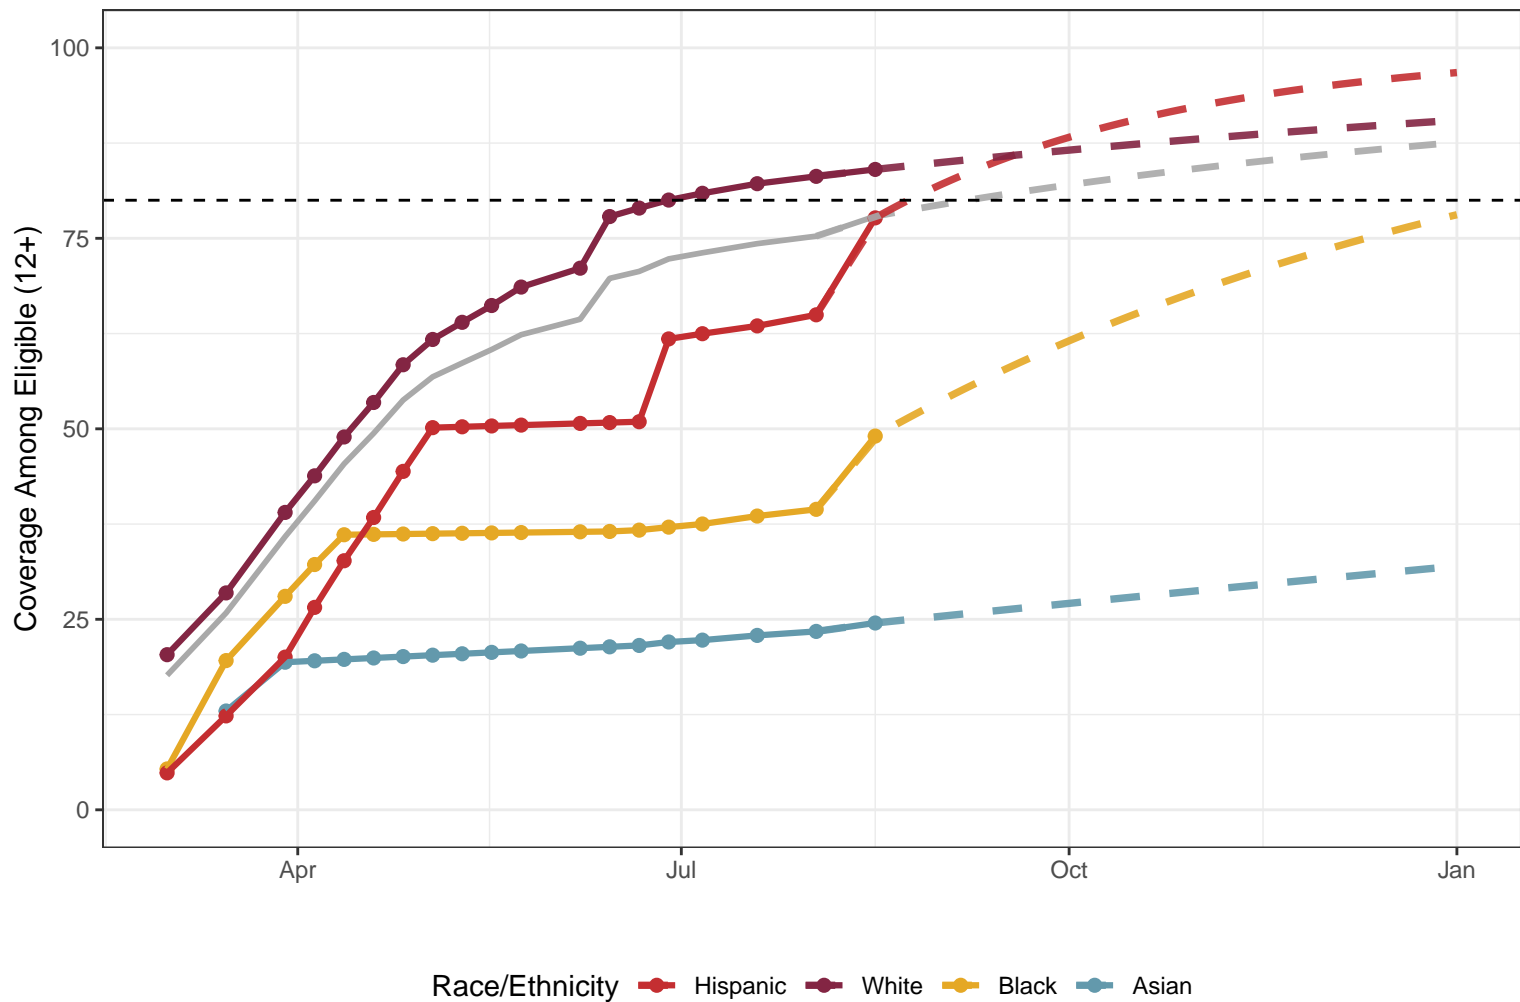

Oklahoma

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Oregon

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Pennsylvania

Coverage Among Eligible (12+)

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Rhode Island

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
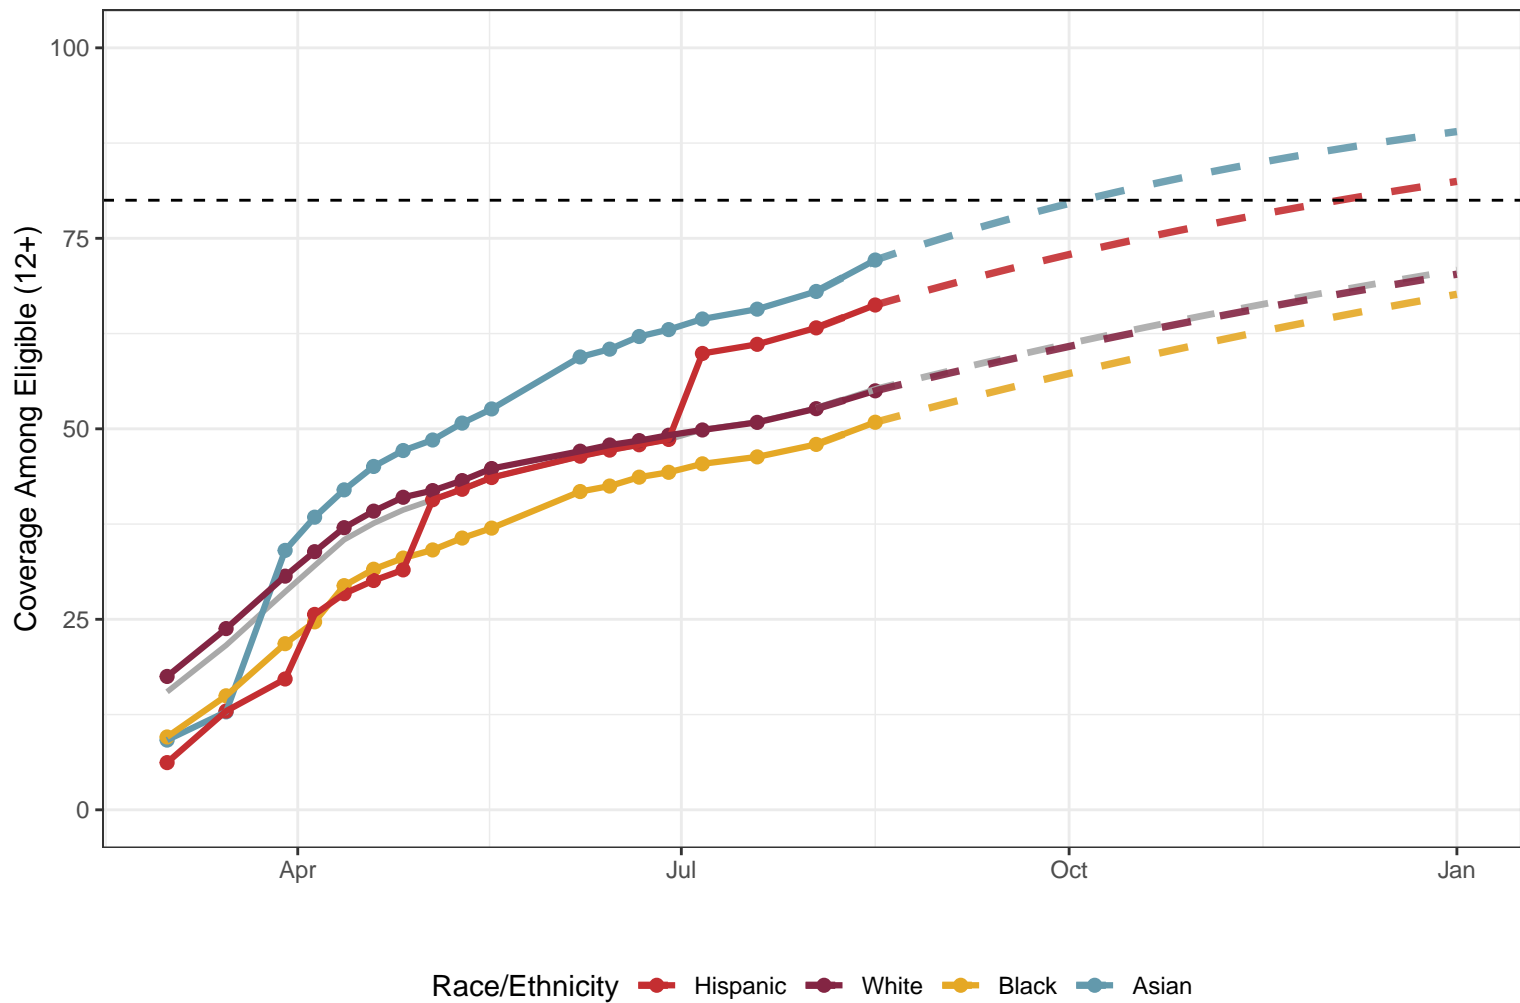

South Carolina

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
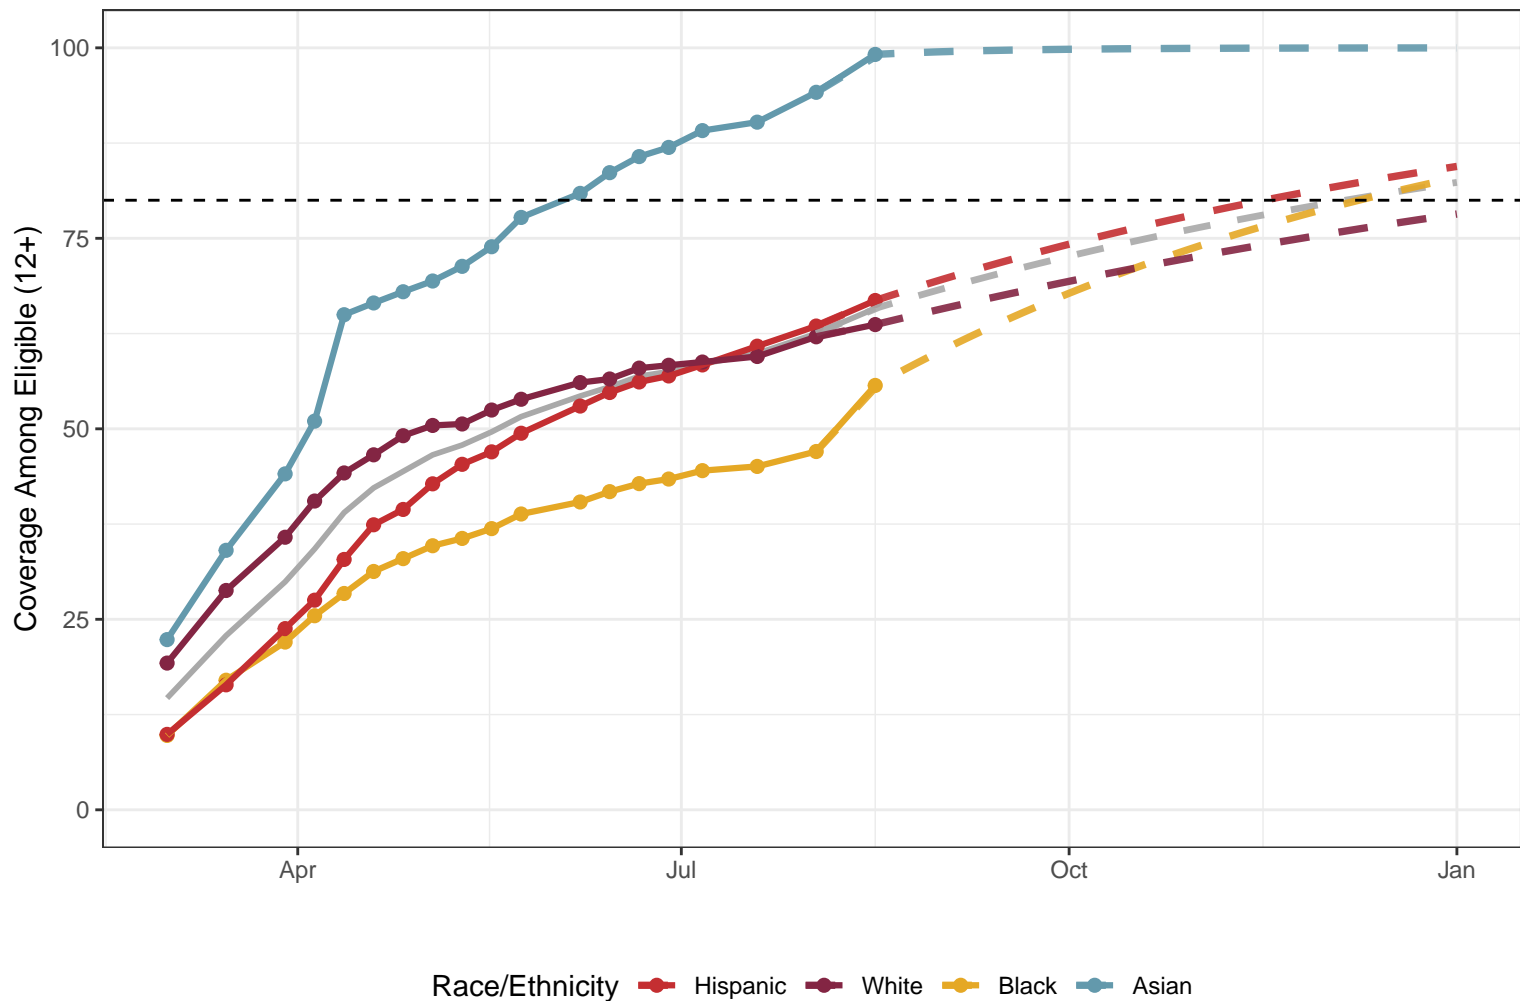

South Dakota

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Tennessee

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
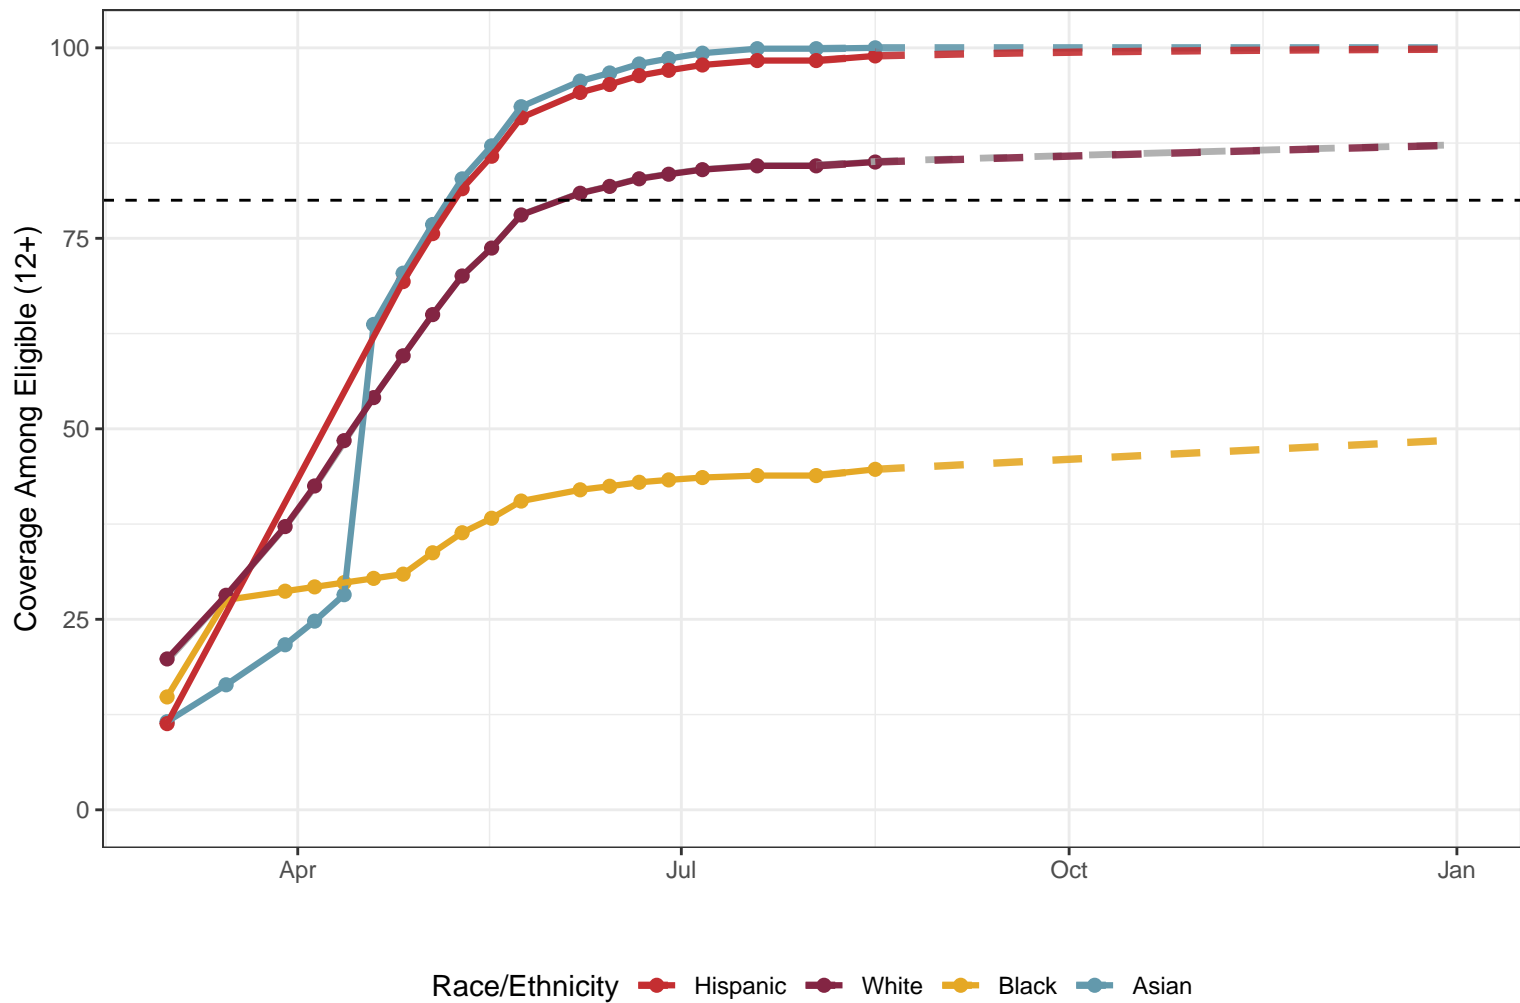

Texas

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
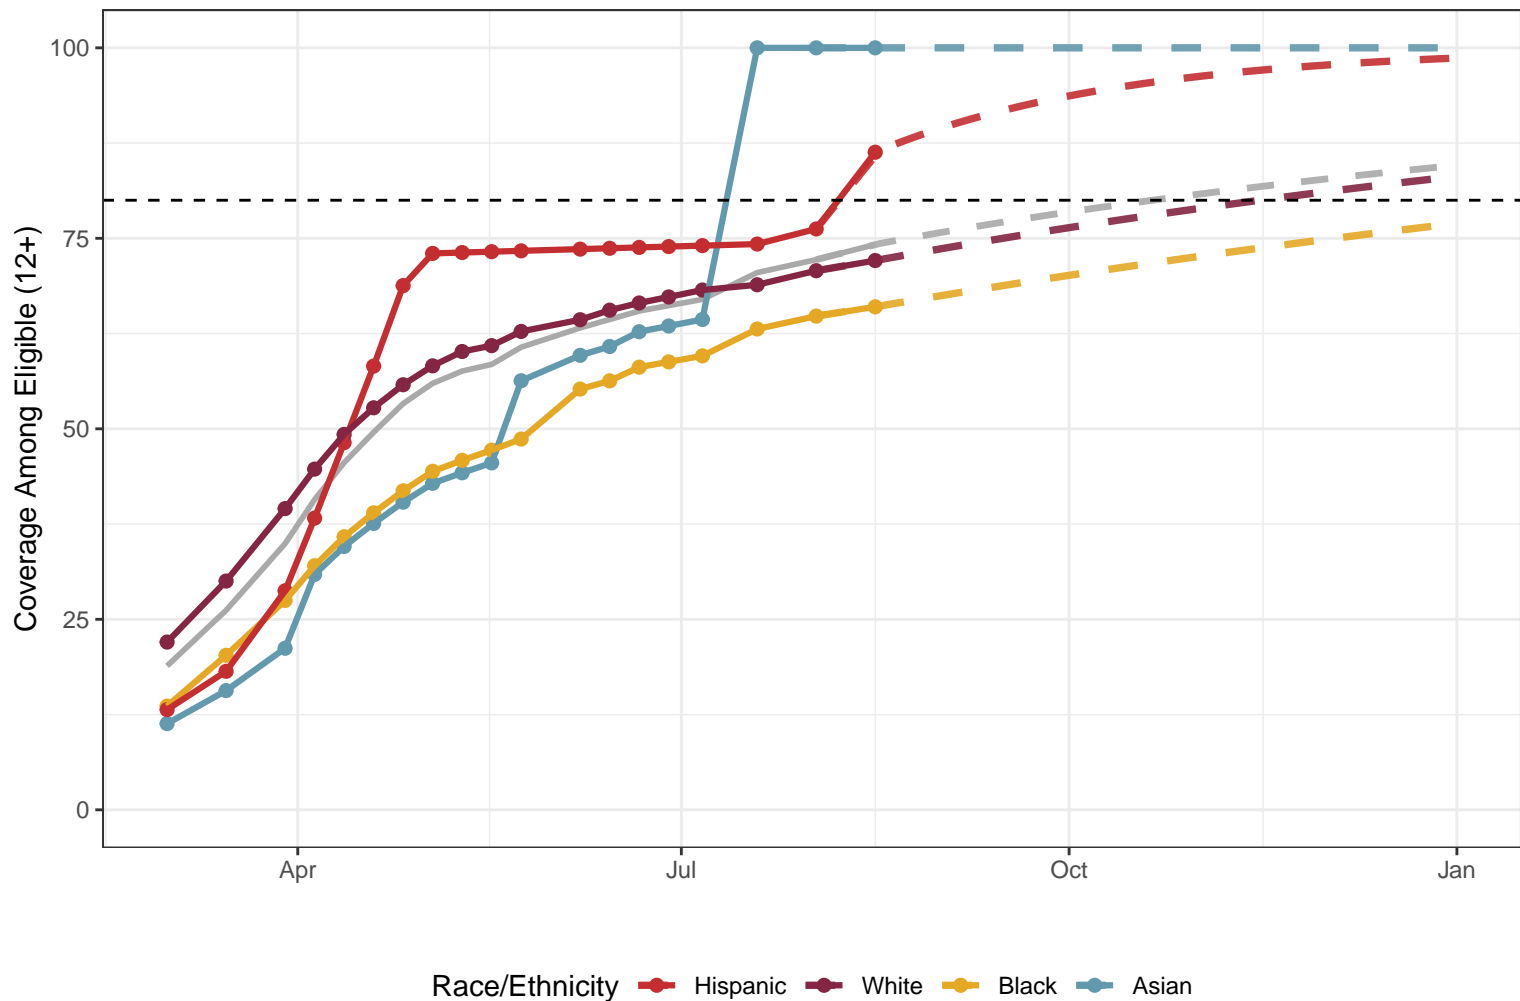

Utah

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Vermont

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Virginia

Coverage Among Eligible (12+)

Race/Ethnicity — Hispanic — White — Black — Asian

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
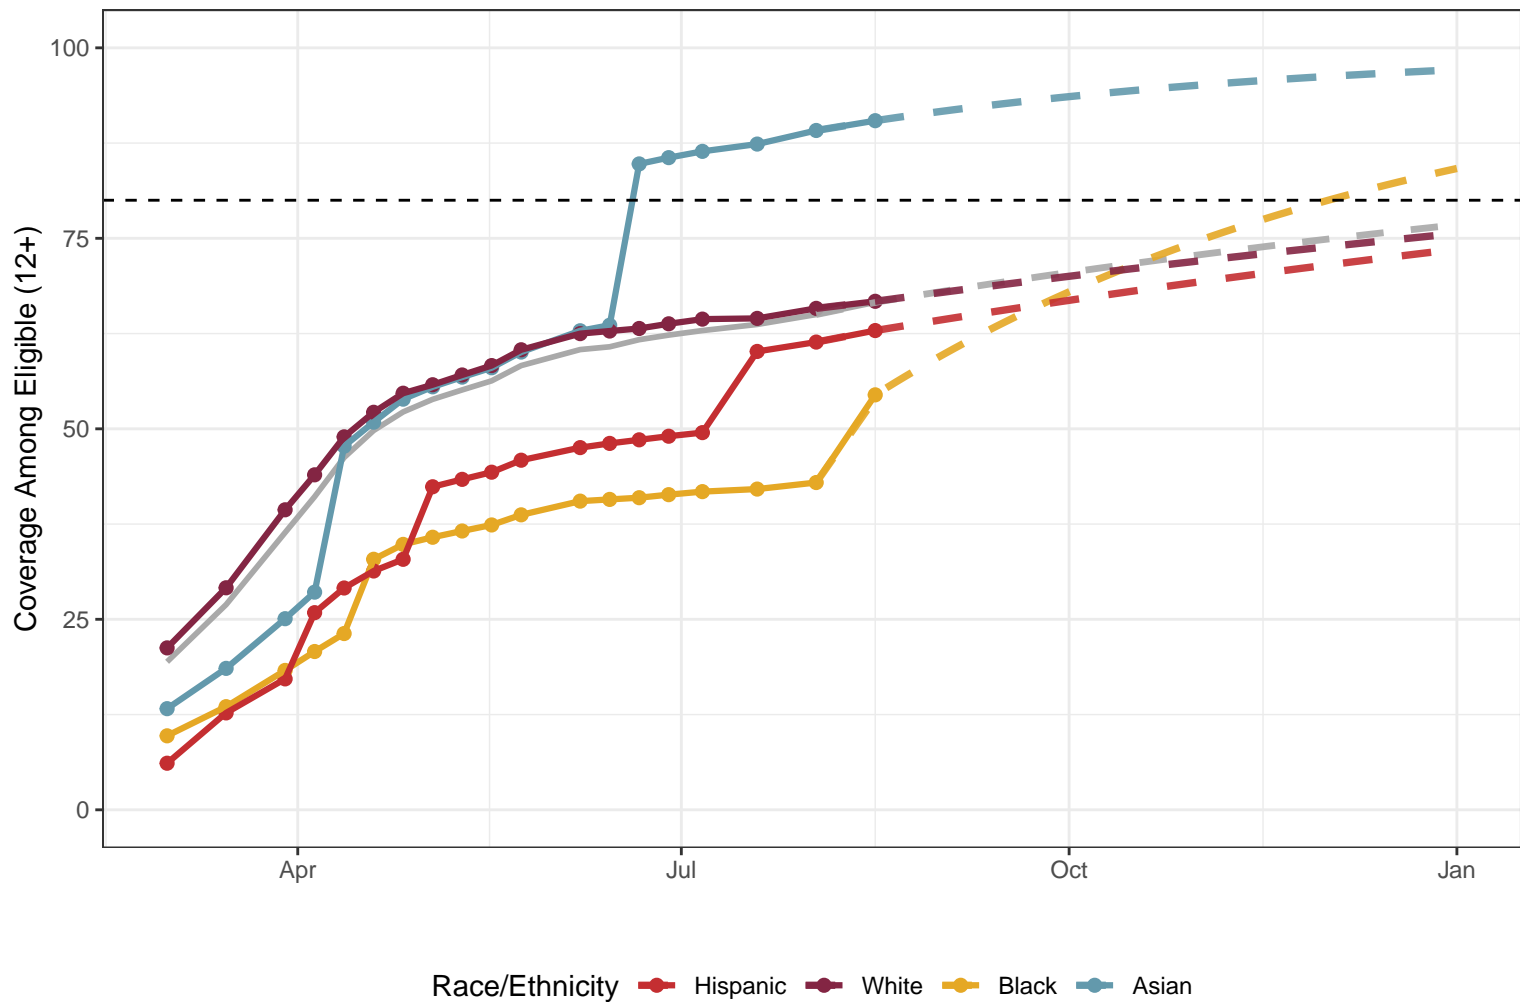

Washington

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

West Virginia

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Wisconsin

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.

Gray line shows coverage among whole eligible (12+) population.
Solid lines show historical (observed) data, dashed lines show projections.
